**Memorandum by the Financial Secretary to the Treasury**

**I.—GENERAL**

1. Civil Estimates and Estimates for the Revenue Departments for 1946 are compared below, and throughout the detailed Estimates, with the total sums voted by Parliament for these services in 1945, including grants in respect of the Supplementary Estimates in House of Commons Papers 95 of 1944-45 and 6, 56 and 74 of 1945-46. The Estimates for 1946, however, include a large number of services the cost of which in 1945 was defrayed out of Votes of Credit, a special war-time procedure which is being brought to an end with the close of the financial year 1945. The cost of these services in 1946 is estimated at approximately 1,360,000,000 $\text{\pounds}$ . The comparative figures are as follows :—

|                                         | 1946                  | 1945<br>(including<br>Supplementary<br>Estimates) | Increase              |
|-----------------------------------------|-----------------------|---------------------------------------------------|-----------------------|
|                                         | $\text{\pounds}$      | $\text{\pounds}$                                  | $\text{\pounds}$      |
| Civil Estimates ..                      | 2,090,748,943         | 589,727,270                                       | 1,501,021,673         |
| Estimates for Revenue<br>Departments .. | 156,493,020           | 145,472,390                                       | 11,020,630            |
| Total .. ..                             | <u>£2,247,241,963</u> | <u>735,199,660</u>                                |                       |
|                                         |                       | Total Increase..                                  | <u>£1,512,042,303</u> |

Excluding the estimated provision in 1946 for services borne in 1945 on Votes of Credit the total increase is 152,042,303 $\text{\pounds}$ .

The totals are those of net expenditure, after deducting receipts to be appropriated in aid, and the adjustments in the 1945 figures for transfers and for Supplementary Estimates are in accordance with the recommendation in the Fourth Report of the Select Committee on National Expenditure, 1920 (H.C. 150 of 1920).

2. In the exceptional circumstances arising from the change from the Vote of Credit procedure to the normal practice of detailed Estimates a comparison of provision under particular Votes as between the financial years 1945 and 1946 has little real significance. The following Table, however, shows Votes for which substantive provision has been made both in 1945 and 1946, and on which the 1946 totals show variations of 1,000,000*l.* or more as compared with the corresponding grants for 1945. The last column of the Table shows the approximate provision in 1946 under those Votes for services which in 1945 were borne on the Vote of Credit.

| <i>Increases</i> | <i>Vote</i>                                                     | <i>Variation</i> | <i>Provision included for former Vote of Credit Services</i> |          |

3. Of the increases detailed above, nearly one-half of the total sum involved represents expenditure on services the cost of which in 1945 was met from the Vote of Credit. In addition, substantive provision is made in the 1946 Estimates under the following Votes, for which only token provision, if any, was made in 1945, the corresponding expenditure in that year (apart from a few items which have been transferred to the new Votes from 1945 substantive Votes) again having been met from the Vote of Credit:—

|               | <i>Vote</i>                                                             | <i>Total Estimate, 1946</i> |

| Class X, 9    | War Damage Commission .. .. .                                           | 1,333,500                   |
| Class X, 10   | War Service Grants .. .. .                                              | 5,725,000                   |
| Class X, 11   | Scottish Home Department (War Services) ..                              | 1,250,550                   |

In the case of the Vote for Public Buildings, Great Britain, the 1945 provision for the transferred services (in this case from the Vote for Miscellaneous Works

Services) was 8,062,760*l.* In all other cases the cost of the items transferred to the new Votes was relatively small.

4. Apart from services formerly borne on the Vote of Credit the 1946 total includes two new Votes for which no provision was made in 1945, viz. :—

|             | <i>Vote</i>                               | <i>Total<br/>Estimate,<br/>1946</i> |
|-------------|-------------------------------------------|-------------------------------------|
| Class I, 23 | Treasury Chest Fund .. .. .               | £ 3,779                             |
| Class VI, 3 | Financial Assistance in Development Areas | 633,500                             |

On the other hand, the 1945 total includes 11,083,133*l.* under five Votes for which no provision is made in 1946, viz. :—

|          | <i>Vote</i>                                                  | <i>Total<br/>Estimate,<br/>1945</i> |
|----------|--------------------------------------------------------------|-------------------------------------|
| Class I  | Repayments to the Civil Contingencies Fund                   | £ 7,933                             |
| Class II | Financial Assistance to Greece .. ..                         | 10,000,000                          |
| Class V  | Special Areas Fund .. .. .                                   | 1,075,000                           |
| Class V  | Commissioner for Special Areas, England and<br>Wales .. .. . | 100                                 |
| Class V  | Commissioner for Special Areas, Scotland ..                  | 100                                 |

An Estimate for Repayments to the Civil Contingencies Fund is normally presented in July. The second Vote mentioned in the above list represents a non-recurrent payment for which provision was made by Supplementary Estimate in February, 1946 (H.C. 74 of 1945–46). Provision for expenditure in the Special Areas has ceased in consequence of the repeal of the Special Areas Acts by the Distribution of Industry Act, 1945, any remanet expenditure on existing commitments being merged with expenditure in Development Areas under the latter Act.

The 1945 Votes for Miscellaneous Transport Services and for Financial Assistance in Special and Other Areas are merged in the 1946 Votes for the Ministry of Transport and for Financial Assistance in Development Areas respectively, and the 1945 Vote for the Department of Overseas Trade has been absorbed partly in the Board of Trade Vote and partly in the Vote for Diplomatic and Consular Establishments, &c., in 1946 (see paragraph 10).

5. The Appendix to this Memorandum gives brief explanations of increases of over 250,000*l.* on individual Votes for which substantive Estimates have been presented for both 1945 and 1946.

6. During the war years excess expenditure on ordinary Votes, in so far as it was clearly identifiable as due to the war, could be met by allocations to those Votes from the Vote of Credit, and accordingly provision in the Estimates under certain heads, in particular those relating to salaries and other administration costs, was limited to probable requirements in the light of the circumstances obtaining when the Estimates were compiled. With the cessation of the Vote of Credit procedure the Estimates for 1946 have necessarily to provide for all expenditure arising within that financial year, in so far as it can be foreseen and estimated for with reasonable certainty. In certain cases this has necessitated the inclusion of lump sum provisions for staff to be obtained

during the course of the year, and in other cases lump sum deductions have been made from detailed salary provisions to allow for savings expected to be realised as a result of staff reductions.

Provision has been made for the full salaries of staff serving with the Forces when the Estimates were prepared. Until these officers are released from the Forces their Departments will only pay them the amount by which their civil salary exceeds their military pay. In a number of cases where the resulting saving to the Vote is expected to be appreciable a global deduction has been made from the total of the relevant salary subhead in the Estimates.

7. The total provision in the Estimates for Northern Ireland services is approximately 3,598,000*l.* Of this amount 3,471,000*l.* (as compared with 3,223,000*l.* in 1945) is recoverable, under Section 24 of the Government of Ireland Act, 1920, by deduction from the Northern Ireland share of reserved taxes.

8. In six Estimates the provision made for certain services is subject to statutory authority being obtained in accordance with the terms of legislation before Parliament at the time of the presentation of the Estimates. Notes to this effect appear on the Estimates concerned, which are as follows :—

Class I, 19.—Repayments to the Local Loans Fund. Repayments of assets to be written off under the Public Works Loans Bill.

Class V, 1.—Ministry of Health. Grants in respect of the additional cost of houses erected by non-traditional methods, under the Housing (Financial and Miscellaneous Provisions) Bill and expenses of Rent Control Tribunals, under the Furnished Houses (Rent Control) Bill.

Class V, 6.—Ministry of National Insurance. Certain expenses under the National Insurance (Industrial Injuries) Bill.

Class V, 10.—Old Age Pensions. Increased expenditure under the National Insurance Bill.

Class V, 14.—Department of Health for Scotland. Grants in respect of the additional cost of houses erected by non-traditional methods, under the Housing (Financial Provisions) (Scotland) Bill.

Class VI, 14.—Roads, &c. Expenditure on Trunk Roads, under the Trunk Roads Bill.

9. In assessing the amounts to be provided in the Estimates for Widows', Orphans' and Old Age Contributory Pensions (Class V, 11) and Supplementary Pensions (Class V, 12) the effect of the provisions of the National Insurance Bill on expenditure during the second half of the financial year has been taken into account, and the provision under these Votes is, in consequence, smaller than would otherwise have been required.

10. In the compilation of the Estimates effect has been given to certain changes in the distribution of Ministerial functions dependent upon legislative authority being obtained in accordance with the provisions of the Ministers of the Crown (Transfer of Functions) Bill (also before Parliament at the time of the presentation of the Estimates). These include the dissolution of the Ministries of Aircraft Production and War Transport and the transfer of their functions to the Ministries of Supply and Transport respectively ; the dissolution

of the Department of Overseas Trade, the expenses of which are provided for partly in the Estimate for Diplomatic and Consular Establishments, &c., and partly in the Estimate for the Board of Trade; and the transfer of functions relating to certain commodities from the Ministry of Supply to the Board of Trade. This Bill also contains provisions for the continuance of the Ministry of Food as a permanent Department.

## II.—CIVIL ESTIMATES

### CLASS I

#### CENTRAL GOVERNMENT AND FINANCE

| 1946                                                                                                                                                                                                                 | 1945      |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| £                                                                                                                                                                                                                    | £         |
| 11,276,697                                                                                                                                                                                                           | 4,758,729 |
| <div style="text-align: center;"> <span style="display: inline-block; width: 50%; border-top: 1px solid black;"></span> <span style="display: inline-block; width: 50%; border-top: 1px solid black;"></span> </div> |           |
| Increase £6,517,968                                                                                                                                                                                                  |           |

11. This Class accounts for 0·5 per cent of the total of Civil Estimates.

12. The Estimate for the **House of Commons** [Vote 2—549,737 $\frac{1}{2}$ .] shows an increase of 52,415 $\frac{1}{2}$ ., mainly due to increased provision for salaries and travelling expenses of Members.

13. The Estimate for the **Treasury and Subordinate Departments** [Vote 4—2,727,486 $\frac{1}{2}$ .] shows an increase of 1,473,182 $\frac{1}{2}$ . Of this, 850,000 $\frac{1}{2}$ . represents provision for the expenses of the Bank of England in connection with Exchange Control and 447,500 $\frac{1}{2}$ . is for the cost of the Directorate of Common Services in the United States of America, both of which services were borne on the Vote of Credit in 1945. Other new items in the Estimate are 120,000 $\frac{1}{2}$ . for the Joint Intelligence Bureau and 75,000 $\frac{1}{2}$ . for the Inter-Allied Reparations Agency.

14. The Estimate for the **Civil Service Commission** [Vote 8—219,810 $\frac{1}{2}$ .] shows an increase of 121,300 $\frac{1}{2}$ ., due partly to provision for increased expenditure in connection with reconstruction examinations and partly to a reduction in the estimated receipts from fees.

15. The Estimate for the **National Savings Committee** [Vote 15—1,437,374 $\frac{1}{2}$ .] shows an increase of 885,470 $\frac{1}{2}$ ., due to provision on the Vote for operational expenditure previously met from the Vote of Credit. The provision for administration expenses shows a reduction of 45,030 $\frac{1}{2}$ .

16. The Estimate for **Overlapping Income Tax Payments** [Vote 16—2,000,000 $\frac{1}{2}$ .] represents an increase of 1,750,000 $\frac{1}{2}$ . The Vote provides for payments to certain temporary Crown Servants and others who, on entry into Crown Service, &c., suffered overlapping payments of tax and who were deprived, by the introduction of the "Pay As You Earn" system of Income Tax, of a compensatory tax holiday on leaving such service. Provision was made by Supplementary Estimate in October, 1945, for the claims expected to be settled before the end of the financial year 1945, but a considerably increased number of claims is anticipated in 1946.

17. The Estimate for **Secret Service** [Vote 21—2,500,000 $\frac{1}{2}$ .] shows an increase of 2,499,900 $\frac{1}{2}$ . Token provision only was made in the 1945 Estimate, the expenditure being defrayed from the Vote of Credit.

18. Five Estimates in this Class show decreases, viz. :—

**Registration of Electors [Vote 3—400,000ℓ.]** The decrease of 300,000ℓ. arises from the fact that only one electoral register has to be prepared in 1946 as compared with two in 1945.

**Royal Commissions, &c. [Vote 20—178,000ℓ.]**, decrease 65,000ℓ., and **Repayments to the Local Loans Fund [Vote 19—78,264ℓ.]**, decrease 38,736ℓ. The 1945 figures for these Votes include, in each case, provision by Supplementary Estimates for exceptional and non-recurrent purposes.

**Public Works Loan Commission [Vote 18—100ℓ.]** decrease 20,159ℓ., and **National Debt Office [Vote 14—5,677ℓ.]**, decrease 715ℓ. These decreases are due almost entirely to increased estimates of receipts.

19. The Estimates for the **Mint [Vote 13]** and the **Tithe Redemption Commission [Vote 22]** are, as usual, for token sums of 100ℓ., the expenditure being covered by receipts.

20. The estimated gross expenditure of the Mint is 53,200ℓ. lower than in 1945, while the total receipts (mainly profit on new coin issued) are expected to be 789,000ℓ. higher. The estimated surplus to be paid to the Exchequer (4,264,900ℓ.) is thus 842,200ℓ. higher than the amount estimated for 1945.

21. The estimated gross expenditure of the Tithe Redemption Commission shows an increase of 43,450ℓ. The increase in the provision for salaries (50,550ℓ.) and for apportionment and redemption of annuities (1,000ℓ.) is to meet the additional expenditure anticipated to arise as staff become available for the resumption of those activities of the Commission which were drastically curtailed during the war. This is offset by a decrease of 8,100ℓ. in respect of Local Collectors, due in the main to the resignation of Collectors, and the transfer of the work to Headquarters, but in part to the reduction, by redemptions, in the total number of annuities to be collected. The expenses of the Commission are recovered from the Redemption Annuities Account established under Section 25 of the Tithe Act, 1936.

## CLASS II

### FOREIGN AND IMPERIAL

| 1946                 | 1945       |
|----------------------|------------|
| £                    | £          |
| 76,400,100           | 39,852,521 |
| Increase £36,547,579 |            |

22. **This Class accounts for 3·7 per cent. of the total of Civil Estimates.**

23. The Estimate for the **Foreign Office [Vote 1—3,292,030ℓ.]** shows an increase of 424,243ℓ., largely owing to the transfer of staff from the Ministry of Information (300,000ℓ.) and from other organisations formerly provided for through the Vote of Credit.

24. The Estimate for **Diplomatic and Consular Establishments, &c. [Vote 2—10,841,280ℓ.]** shows an increase of 5,783,782ℓ., due partly to a general strengthening of representation in foreign countries but mainly to the transfer of services previously borne on the Vote of Credit. These include Public Information Services (2,820,000ℓ.) transferred from the Ministry of Information, and the care of British interests in territories formerly occupied by the enemy (1,500,000ℓ.). The Vote also includes an instalment of the Grant in Aid for

Welfare and Development in the Sudan (500,000*l.*). Provision for the salaries and expenses of the Commercial Diplomatic Service has been transferred to this Vote on the dissolution of the Department of Overseas Trade. The provision made in the 1945 Estimates has also been transferred for purposes of comparison.

25. The Estimate for the **British Council [Vote 3—2,454,000*l.*]** shows a decrease of 446,000*l.*, due to restricted activities. Details of the estimated receipts and expenditure of the Grant in Aid Account in 1946 are shown in an Appendix to the Estimate.

26. The Estimate for the **League of Nations [Vote 4—124,010*l.*]** shows an increase of 37,000*l.*, due to the provision in the Budget of the League for expenditure likely to be incurred in the course of liquidation.

27. The Estimate for the **United Nations [Vote 5—655,000*l.*]** appears for the first time in Original Estimates, earlier expenditure (340,000*l.*) having been provided for by a Supplementary Estimate in February, 1945. The first annual budget of the United Nations will be drawn up later in the year; the present provision under Subhead A is for the share of H.M. Government in the United Kingdom of advances to a Working Capital Fund from which, for the time being, the general expenses of the United Nations under a provisional budget are being met, allowance being made for advances already made by H.M. Government as host to the Preparatory Commission and the first part of the General Assembly.

28. The Estimate for **Dominion Services [Vote 7—656,469*l.*]** shows an increase of 287,227*l.* This is due mainly to the inclusion of provision for the cost of maintaining British evacuees from Japan, &c. (20,000*l.*) and civilian internees in Southern Rhodesia (200,000*l.*), the refund of purchase tax to Dominion Representatives (40,000*l.*) and for expenditure connected with the education, repatriation, &c., of children evacuated overseas (18,200*l.*), all such expenditure having previously been met from the Vote of Credit. Increased provision is also required to meet the cost of Representation in the Dominions (44,655*l.*) and Telegrams (9,500*l.*) while reduced provision has been made for Grants in Aid to Swaziland (9,500*l.*) and to the Empire Societies War Hospitality Committee (38,450*l.*).

29. The Estimate for **Oversea Settlement [Vote 8—7,965*l.*]** shows an increase of 7,865*l.* over the token sum of 100*l.* which has been provided in recent years. In anticipation of a slight revival in migration increased provision has been made for grants to Voluntary Societies (4,110*l.*) and for Assisted Passages (10,475*l.*). Repayments in respect of advances issued in connection with Empire Settlement Schemes in prior years are declining and are expected to fall short of the gross expenditure by 7,965*l.*

30. The Estimate for the **Colonial Office [Vote 9—698,752*l.*]** shows an increase of 107,772*l.* Increased provision of 74,090*l.* is required for salaries, &c., mainly due to the appointment of additional staff and consolidation of war bonus at increased rates, and of 5,550*l.* for travelling and incidental expenses, mainly to meet increased expenditure in connection with special missions and journeys overseas. Expenditure connected with advisory and other posts abroad, showing an increase of 17,632*l.* as compared with 1945, is now provided under a separate subhead, which includes provision for the West Indian Comptroller and staff hitherto provided under Vote 12. Increased expenditure on other posts abroad is offset by a large reduction in the cost of the British Colonies Supply Mission in Washington, which is being wound up. A decrease of 10,500*l.* is expected under Appropriations in Aid as contributions from Colonies towards the cost of the British Colonies Supply Mission will diminish considerably with the reduced activities of that body.

31. The Estimate for **Colonial and Middle Eastern Services** [Vote 10—**9,865,034/.**] shows an increase of 3,670,168/.. This is largely due to the inclusion of provision amounting to 3,359,500/.. for miscellaneous services arising out of the war, the cost of which was previously met from the Vote of Credit. There is also a net increase in the Colonial Services section (716,626/..), due mainly to increased provision for grants in aid of local revenues (324,890/..) and for welfare of Colonial people when outside Colonial territory (320,050/..) and to inclusion of the cost of the Falkland Islands Dependencies Survey (55,000/..) and of publicity, &c., services in Colonial, &c., territories (146,400/..), formerly met from the Vote of Credit. Against these increases are to be set decreases on telegrams (30,000/..) and on certain non-recurrent grants in aid for specific purposes provided in 1945 (85,000/..). There is a net decrease in the Middle Eastern Services section (379,443/..) due to the provision for a grant in aid of expenses of administration of Trans-Jordan being less than that required in 1945 (381,009/..) and to an increase in Appropriations in Aid (26,515/..), mainly as a result of receipts anticipated in connection with publicity, &c., services.

32. The Estimate for the **West African Produce Control Board** [Vote 11—**5,080,025/.**] includes provision (5,069,190/..) for the payments to be made to the Governments of the territories in West Africa comprised in the West African cocoa control scheme in respect of the profits for the 1943–44 and 1944–45 seasons, showing an increase of 1,392,937/.. as compared with 1945. In addition provision has been made for the salaries, &c., and expenses of the Board (10,825/..) while a token sum has been inserted in connection with the Board's trading services. These two items were previously dealt with through the Vote of Credit.

33. The Estimate for **Development and Welfare (Colonies, &c.)** [Vote 12—**9,340,000/.**] shows an increase of 4,470,000/.. The Colonial Development and Welfare Act, 1945, authorised higher limits of expenditure, and with some easing in the shortage of labour, materials, &c., substantially increased expenditure will, it is expected, be incurred during 1946.

34. The decrease of 95,200/.. in the Estimate for **Development and Welfare (South African High Commission Territories)** [Vote 13—**299,600/.**] is due to the necessity for approximating the expenditure on schemes in these territories to the sum allocated under the Colonial Development and Welfare Act, 1945.

35. The Estimate for **India and Burma Services** [Vote 14—**32,513,229/.**] shows an increase of 30,254,517/.. Provision is made for a grant in aid to the Government of Burma (30,000,000/..) to be drawn upon as necessary as a loan for (a) the purchase of supplies for civilian use, (b) the reconstruction of key industries, and (c) the cost of civil administration. The Vote of Credit has provided in the past for expenditure under (c) and, towards the end of 1945, for initial expenditure under (a) and (b). It is anticipated that advances under (a) and a portion of those under (b) will be repaid by 31 March 1952; the remainder are to be repaid as soon as possible thereafter. The increase also includes provision of 250,000/.. for the repayment to the Government of India of expenditure from 1941 onwards on refugee civilian employees of the Service Departments from Hong Kong and Malaya and on refugees, other than Indians, from enemy or enemy-occupied territories.

36. The Estimate for the **Imperial War Graves Commission** [Vote 14—**444,096/.**] shows a net increase of 318,083/.. This increase arises mainly in the grant in aid which represents the United Kingdom's share (81·53 per cent.)

of the Commission's estimated expenditure on services in connection with the graves of the War of 1939-45. It is principally due to the proposed construction of certain cemeteries transferred, or to be transferred, by the Military Authorities to the control of the Commission.

## CLASS III

## HOME DEPARTMENT, LAW AND JUSTICE

| 1946                | 1945       |
|---------------------|------------|
| £                   | £          |
| 29,898,348          | 23,238,480 |
| Increase £6,659,868 |            |

37. This Class accounts for 1·4 per cent. of the total of Civil Estimates.

38. The Estimate for the **Home Office\*** [Vote 1—1,567,812*l.*] shows an increase of 84,302*l.* Headquarters salaries require an increased provision of 28,470*l.* as a result of the consolidation of war bonus at higher rates, and provision for salaries of the Immigration staff is increased by 41,679*l.*, due to increases in staff in addition to the higher war bonus rates. Contributions towards the expenses of Probation are increased by 50,000*l.* to meet an anticipated expansion of this service. Receipts are increased by 24,450*l.*, mainly for fees on certificates of naturalisation, &c.

39. The Estimate for **Police, England and Wales** [Vote 3—18,434,714*l.*] shows a net increase of 3,727,905*l.* Exchequer Grants in respect of Police expenditure are increased by 3,480,000*l.* to meet certain expenditure previously met from the Vote of Credit and increased cost of pay and pensions. Special Services are increased by 258,870*l.*, mainly due to the expansion of the scheme for post-war training of Police.

40. The Estimate for **Prisons, England and Wales** [Vote 4—3,494,726*l.*] makes provision for a growth in the estimated number of prisoners from 14,000 in 1945 to 17,000 in 1946, and for an increase of 1,424,326*l.* in expenditure. The provision for the pay and allowances of Officers is increased by 640,496*l.* and the estimated expenditure on buildings shows an increase of 637,800*l.*

41. The Estimate for **Approved Schools, &c., England and Wales** [Vote 5—1,464,900*l.*] shows a net increase of 867,000*l.* to provide for certain expenditure previously met from the Vote of Credit, and to meet increased costs due to a rise in the number of children under detention.

42. The increase of 88,120*l.* in the Estimate for the **Public Trustee** [Vote 9—115,200*l.*] is due to the cost of additional staff required to deal with an expansion of work and to overtake arrears, together with a reduction of 37,000*l.* in the estimated receipts, which for 1946 make no provision for fees payable to the Public Trustee as Custodian of Enemy Property.

43. The increase of 166,552*l.* in the Estimate for **Law Charges** [Vote 10—381,827*l.*] is due mainly to the inclusion of provision for certain expenditure which has hitherto been charged to the Vote of Credit.

44. The Estimate for **Police, Scotland** [Vote 12—1,814,840*l.*] shows an increase of 106,010*l.*, due mainly to provision for police expenditure formerly excluded as attributable to the war and met from the Vote of Credit, and for increased expenditure on establishing and maintaining a Police Training School.

\* For Home Office (War Services) see paragraph 290.

45. The Estimate for **Prisons, Scotland [Vote 13—358,110 $\frac{1}{2}$ .]** shows an increase of 135,540 $\frac{1}{2}$ ., mainly due to the larger staff required for dealing with the increased number of prisoners and to the consolidation of war bonus at improved rates, new buildings and alterations, and increased provision for materials for manufactures.

46. The Estimate for **Approved Schools, &c., Scotland [Vote 14—197,500 $\frac{1}{2}$ .]** shows an increase of 50,250 $\frac{1}{2}$ .. Increased provision for Approved Schools (44,500 $\frac{1}{2}$ .), and increased grants to Education Authorities in respect of (a) children committed to their care (3,000 $\frac{1}{2}$ .), and (b) their share of parental contributions (3,250 $\frac{1}{2}$ .) are offset slightly by an increase in Appropriations in Aid.

47. The Estimate for the **Supreme Court of Judicature, &c. [Vote 6]** is, as usual, for a token sum of 100 $\frac{1}{2}$ ., the expenditure being covered by fees and other receipts. Gross expenditure at 880,846 $\frac{1}{2}$ .. shows an increase of 102,201 $\frac{1}{2}$ ., mainly due to higher salary costs. The total receipts, at 880,746 $\frac{1}{2}$ ., represent an increase of 29,031 $\frac{1}{2}$ .. only and no surplus of receipts over expenditure is accordingly estimated for under the head of Exchequer Extra Receipts.

#### CLASS IV

##### EDUCATION AND BROADCASTING

| 1946                 | 1945        |
|----------------------|-------------|
| £                    | £           |
| 138,888,400          | 119,392,865 |
| Increase £19,495,535 |             |

48. **This Class accounts for 6·7 per cent. of the total of Civil Estimates.**

49. The Estimate for the **Ministry of Education [Vote 1—104,980,112 $\frac{1}{2}$ .]** shows an increase of 15,039,332 $\frac{1}{2}$ .. over the provision for 1945. Increases amount to 15,188,032 $\frac{1}{2}$ .. spread over all main heads of expenditure, but these are offset to a slight extent by an increase of 148,700 $\frac{1}{2}$ .. in Appropriations in Aid resulting from an increased number of teachers and from the admission of supplementary teachers, organisers and youth leaders to contributory service in accordance with the Teachers (Superannuation) Act, 1945.

50. The increase of 9,938,000 $\frac{1}{2}$ .. in *Grants to Local Education Authorities* (91,534,000 $\frac{1}{2}$ .) is due to the general increase in the cost and availability of goods and services, to the anticipated employment of a larger number of teachers and to the further development of the Schools Meals Service.

51. The increase of 1,370,160 $\frac{1}{2}$ .. under *Grants for Educational Services and Research provided by persons other than Local Education Authorities* is due mainly to increased grants to (i) voluntary training colleges and training departments of Universities and University Colleges and (ii) direct-grant Grammar Schools. There is also a considerable increase in grants for further education.

52. The increase of 120,000 $\frac{1}{2}$ .. under *Grants in Aid* represents increased aid in respect of the expenses of the College of Aeronautics. Provision for the grant in aid to the Arts Council of Great Britain is now included under Vote 10.

53. The increase of 2,520,100 $\frac{1}{2}$ .. for *Scholarships and Maintenance Allowances* is due mainly to increased provision for grants to individuals under the Emergency Training of Teachers and the Further Education and Training Schemes and in lesser degree to new provision for assistance to holders of open Scholarships and Exhibitions at Universities and Colleges.

54. The provision of 100,000*l.* for *Grants for Physical Training* in the original Estimate for 1945 was reduced in the Supplementary Estimate to 10,000*l.* owing to the slowness with which claims were maturing for payment. The sum of 150,000*l.* taken for 1946 includes provision for meeting expenditure which had been expected to fall in 1945.

55. The provision for the *Royal College of Art* and for the *Museums* allows for a partial resumption of normal activities.

56. Under *Pensions to Teachers* the increase (307,000*l.*) in pensions and allowances (including increase of pension under the Pensions (Increase) Acts) is due partly to the expected growth in the number of pensioners and partly to an increase in the average value of new awards consequent on increased scales of salaries for teachers. The increase under pensions and allowances is partly offset by a decrease (55,000*l.*) in refunds to teachers of balance of contributions.

57. Under the head of *Other Services* provision is made for expenditure of 8,000*l.* in connection with the provision of temporary school accommodation in preparation for raising the school-leaving age to 15 ; of 17,000*l.* for an increased number of short courses for teachers arranged by the Ministry (previously included with grants for Educational Services and Research provided by persons other than Local Education Authorities) ; of 9,000*l.* for special experimental work in educational methods ; of 35,000*l.* for the administrative expenses of the Preparatory Commission of the United Nations Educational, Scientific and Cultural Organisation and a contribution by H.M. Government towards educational rehabilitation in liberated Allied territories ; and of 400,300*l.* for miscellaneous services arising out of the war, expenditure on which has previously been chargeable to the Vote of Credit.

58. A more detailed explanation is contained in the Memorandum on the Ministry of Education Estimates, 1946 (Cmd. 6781).

59. The Estimate for **Public Education, Scotland [Vote 13—15,165,268*l.*]** shows an increase of 1,951,548*l.* as compared with that for 1945. The general aid grant (14,333,842*l.*) to the Education (Scotland) Fund is, under the Education (Scotland) Act, 1918, dependent on the corresponding provision for England and Wales. The provision for the grant in 1946 is higher by 1,880,290*l.* The contribution to the Education (Scotland) Fund for superannuation of teachers is similarly dependent on the corresponding provision for England and Wales. The estimated net charge on the Vote on account of superannuation of teachers is 606,276*l.*, as shown in the table on page 54 of the Estimate. The estimate of the Education (Scotland) Fund appears as an Appendix (*see* page 61 of the Estimate).

60. The Estimate includes provision for the cost of the Further Education and Training Scheme (250,000*l.*) and of miscellaneous services arising out of the war (26,500*l.*). Provision for the emergency training of teachers and for youth service is included under Subhead C.

61. The Royal Scottish Museum, which was closed to the public during the war, has been re-opened, and conditions are rapidly returning to normal. Provision for salaries and wages is based on the assumption that the staff will return to pre-war strength during the year.

62. The Estimate for **Universities and Colleges, &c., Great Britain [Vote 11—9,450,000*l.*]** shows an increase of 3,550,000*l.* Of this, 2,250,000*l.* represents an increase in the provision for capital grants and 100,000*l.* is due to the inclusion of that amount for dental education. The balance of 1,200,000*l.* is required to make available for issue in 1946 grant of that amount provided in 1945 but not issued within that year.

63. The Estimate for **Scientific Investigation, &c. [Vote 10—1,265,761l.]** shows an increase of 321,115l. The grant in aid of the Medical Research Council is increased by 185,000l., including a special grant of 100,000l. for capital purposes, while the grant in aid of the Arts Council of Great Britain shows an increase of 85,000l. Provision for a grant in aid to the latter body in 1945, under its former title of the Council for the Encouragement of Music and the Arts, was made in the Estimate for the Ministry of Education.

64. The Estimate for **Broadcasting [Vote 12—7,500,000l.]** shows a decrease of 1,500,000l. as compared with the provision for 1945. The Estimate provides for the payment to the British Broadcasting Corporation, in respect of the nine months ending 31 December 1946, of a grant in aid of such amount as the Treasury shall approve as sufficient for the adequate conduct of the Corporation's services. This basis of payment to the Corporation was adopted as from 1 April 1940 in accordance with the Agreement of 14 February 1940 (Cmd. 6177) governing the financial arrangements with the Corporation during the war. These arrangements will be maintained up to 31 December 1946 when the Corporation's present Charter will expire, and the provision in the Estimate is accordingly restricted to that period. If the Corporation's Charter is renewed, it will be necessary to present a Supplementary Estimate providing for payments in respect of the period from 1 January to 31 March 1947 in accordance with such new financial arrangements with the Corporation as may be in force during that period. During the war the Vote for Broadcasting was accounted for by the Ministry of Information. Following the dissolution of the Ministry the Vote for 1946 will be accounted for by the Post Office.

65. Increases of varying amounts are shown by the Estimates for the various Museums and Galleries under this Class, representing generally the cost of the resumption of normal activities after the restrictions imposed by war conditions.

### CLASS V

#### HEALTH, HOUSING, TOWN PLANNING, LABOUR AND NATIONAL INSURANCE

| 1946                  | 1945             |
|-----------------------|------------------|
| £<br>345,574,770      | £<br>233,837,024 |
| Increase £111,737,746 |                  |

66. **This Class accounts for 16·5 per cent. of the total of Civil Estimates.**

67. The Estimate for the **Ministry of Health [Vote 1—57,809,840l.]**, which includes a net figure of 22,633,000l. for Miscellaneous Services arising out of the War and Transitional Services, formerly borne on the Vote of Credit, shows an increase of 40,571,606l. as compared with the provision for 1945.

68. The *Administration* subheads (2,425,860l.) which include provision for the salaries and other expenses of the staff employed by the Department show an increase of 483,746l., due mainly to the provision for increased staff and consolidation of war bonus at increased rates, slightly offset by a decrease in the fees for part-time Regional Medical staff. Included in this amount are the estimated costs of the Local Government Boundary Commission provided for under the Local Government (Boundary Commission) Act, 1945, and the Rent Control Tribunals to be established under the Furnished Houses (Rent Control) Bill before Parliament at the time of the presentation of the Estimates. The net expenditure, after allowing for recoveries amounting to 389,300l., which will be appropriated in aid of the Vote, is 2,036,560l. (increase 433,266l.).

This amount covers generally the cost of central administration of public health, public assistance and other local government services, housing, miscellaneous services arising out of the war and transitional services, and of grants to local authorities under the Local Government Acts, 1929 to 1946 (Class IX, 1).

69. The provision for *Temporary Housing Accommodation* under the Housing (Temporary Accommodation) Act, 1944 (5,885,000*l.* as against 550,000*l.* for 1945), represents increases of (i) 50,000*l.* in the contributions by the Minister to local authorities towards expenses incurred by them in connection with structures erected on land of exceptionally high value, and (ii) 5,285,000*l.* for annuity repayments in respect of issues from the Consolidated Fund during the years 1944 (880,000*l.*) and 1945 (estimated at 48,000,000*l.*) to the Minister of Works to meet the expenses incurred by him in the production and erection of structures for temporary housing accommodation. The payments by local authorities to the Minister under Section 3 (1) of the Act appear under Appropriations in Aid, and are estimated to amount to 750,000*l.* as against 500,000*l.* for 1945.

70. Under the heading of *Housing* (24,806,000*l.*—England, 24,063,000*l.*, Wales, 743,000*l.*) provision is made for (a) Exchequer contributions payable (i) under the Housing Acts, 1919 to 1944, towards the cost of providing houses for the working classes (England, 13,313,000*l.*, Wales, 743,000*l.*), (ii) towards the additional expenditure incurred by local authorities in erecting houses by approved non-traditional methods (9,750,000*l.*); and (b) payments into the Building Materials and Housing Fund (1,000,000*l.*).

71. The decrease of 332,500*l.* in the estimate for grants under the Housing Acts is chiefly due to the reduction (172,500*l.*) in the sums required under the Housing, Town Planning, &c., Act, 1919, as the result of the final repayment of certain loans, the conversion of high interest bearing stocks to lower rates and adjustments in respect of the produce of 1*d.* rate; and to the cessation of subsidy (528,000*l.*) in respect of houses completed in the year ended 31 March 1927 under the Housing Act, 1923; partly offset by provision (369,000*l.*) for subsidies payable as a result of the passing of the Housing (Temporary Provisions) Act, 1944. The payments under (a) (ii) above are subject to statutory authority being obtained in accordance with the terms of the Housing (Financial and Miscellaneous Provisions) Bill before Parliament at the time of the presentation of the Estimates. The payments under (b) above arise under Section 3 of the Building Materials and Housing Act, 1945, and are to enable the Fund set up under that Act to be recouped in respect of losses sustained by selling prefabricated permanent houses to local authorities at prices below cost.

72. The provision for *Miscellaneous Grants* (3,517,680*l.*) shows an increase of 2,089,360*l.* This increase is due mainly (1) to the inclusion of 605,000*l.* for the payment of a weighted 50 per cent. grant on expenditure incurred by Welfare Authorities on schemes for the care of children under five, involving the taking over of certain war-time nurseries hitherto wholly financed by the Exchequer; and (2) to increases in grants of (i) 209,000*l.* under the Rural Water Supplies and Sewerage Act, 1944; (ii) 21,000*l.* for cancer treatment; (iii) 60,000*l.* for the purchase of radium; (iv) 60,500*l.* for training of nurses; (v) 255,000*l.* for the maintenance of hutted hospitals, surplus to military requirements, transferred to hospital authorities for civilian use; (vi) 900,000*l.* in respect of services in Development Areas, being payments for improvements in Development Areas of basic services for which the Minister has become responsible under the provisions of the Distribution of Industry Act, 1945, including commitments under schemes approved by the Commissioner for

Special Areas (England and Wales) prior to the passing of the Act. As an offset, grants for the maintenance of emergency maternity homes show a decrease of 25,000*l.* These grants are to meet the cost of maternity homes originally opened in reception areas under the Government Evacuation Scheme but temporarily retained to meet the shortage of maternity beds in the London area. The cost of the service will in general be met by user authorities, receipts from whom are accounted for as appropriations in aid. The other grants for which provision is made under this heading show little variation from the previous year. Receipts in connection with services in Development Areas, estimated to amount to 45,000*l.*, will be paid to the Exchequer as Extra Receipts.

73. Under the heading *Miscellaneous Services arising out of the War and Transitional Services (England and Wales)* is grouped the remanet of the Ministry's war-time services, previously borne on the Vote of Credit. Allowance has been made for substantial payments in respect of earlier years and for the continuance of certain services pending legislation on national health and insurance schemes. The services are as follows :—

- (1) Salaries and travelling expenses of the personnel of (a) the Emergency Medical Service, (b) residual evacuation services and services for the homeless, and (c) officers engaged on the pathological and blood transfusion services (900,000*l.*).
- (2) Expenditure under the Emergency Hospital Scheme, mainly for reinstatement of premises (771,000*l.*) and the running costs of hospitals and maintenance of patients (7,301,000*l.*).
- (3) Emergency Housing, &c., Accommodation (9,983,000*l.*). This covers payments to local authorities in connection with the Government Evacuation Scheme, provision of accommodation for persons inadequately housed or rendered homeless by enemy action, together with the related health services. Also included in this amount are billeting payments, grants to local education authorities for expenditure on teachers' evacuation allowances, and payments to voluntary bodies for administering residential nurseries.
- (4) Stores and Equipment (209,000*l.*) acquired for (a) the Emergency Hospital Scheme, 40,500*l.*; (b) evacuation, 155,000*l.*; and (c) diphtheria immunisation, 13,500*l.*
- (5) Transport (242,000*l.*) covering transport of patients under the Emergency Hospital Scheme, 155,000*l.*; travelling expenses of evacuees returning from reception areas, 40,000*l.*; and the cost of transport of Channel Islanders to their homes and travelling expenses in this country of British and foreign repatriates, 47,000*l.*
- (6) Pathological and Blood Transfusion Services (269,000*l.*), including current running expenses and some expansion of these services, which are being continued pending legislation establishing a National Health Service.
- (7) Tuberculosis Allowances (1,000,000*l.*). This provides for re-imbursment of maintenance allowances paid by local authorities to tubercular persons who have agreed temporarily to give up remunerative work in order to undergo treatment. This service is being continued pending legislation establishing a new National Insurance Scheme.
- (8) Grants in respect of the increases in the salaries of nurses, &c. (2,110,000*l.*). These are limited to 50 per cent. of additional expenditure incurred as a result of the adoption by employing bodies of the recommendations of the Rushcliffe Committees. This service is being continued pending legislation establishing a National Health Service.

- (9) Advances and loans to local authorities (2,760,000*l.*) for (a) assistance to local authorities who continue to be affected financially as the result of war conditions, 2,750,000*l.*, and (b) loans to assist small traders in certain coastal resorts to re-establish businesses closed down during the war, 10,000*l.*
- (10) War-time Nurseries (600,000*l.*). This represents the estimated amount due to local authorities for earlier years in respect of the running of these nurseries.
- (11) Other services (343,000*l.*). This provision covers a number of miscellaneous items of expenditure arising out of the war.

Of the gross total of 26,488,000*l.* it is estimated that 3,855,000*l.* will be recovered and appropriated in aid of the Vote, as detailed in the note on page 26 of the Estimate.

74. The Estimate for the **Board of Control [Vote 2—275,152*l.*]** shows an increase of 29,327*l.*, mainly due to increases in the remuneration of nurses employed at the Board's Institutions resulting from the adoption of the recommendations of the Rushcliffe Mental Nurses Sub-Committee, but also to additional staff and consolidation of war bonus at improved rates.

75. The Estimate for the **Registrar-General's Office [Vote 3—418,160*l.*]** shows an increase of 93,670*l.*, due to (i) augmented clerical staff mainly necessitated by changes in the National Register and Armed Forces (Electoral) Register in consequence of releases from the Forces; (ii) additional staff for services in connection with the administration of the Family Allowances Act, 1945; (iii) consolidation of war bonus at increased rates; and (iv) provision for certain payments to Registrars which were formerly charged to the Vote of Credit.

76. The Estimate for the **Ministry of Labour and National Service [Vote 4—31,226,000*l.*]** shows an increase of 7,186,000*l.* as compared with 1945; this increase includes approximately 4,015,000*l.* in respect of services the cost of which was met from the Vote of Credit in 1945. The gross Estimate for 1946 is 36,104,000*l.* of which 4,878,000*l.* will be covered by Appropriations in Aid.

77. The gross provision for *Administration* (Subheads A to E) amounts to 12,955,000*l.*, a decrease of 195,190*l.* as compared with 1945. This provision covers all services (excepting certain Training, &c., services and Inspection of Factories—see paragraphs 82 and 85) administered by the Ministry, including certain services in connection with the Unemployment Insurance and Assistance Schemes undertaken on behalf of the Ministry of National Insurance and the Assistance Board respectively, mainly relating to the payment of unemployment benefit and allowances at local offices of the Ministry. Of the provision for administration expenses, 12,400,000*l.* is in respect of salaries, &c., a decrease of 252,190*l.* as compared with the provision for 1945. The decrease reflects a reduction of the Ministry's war-time activities, partly offset by additional work during the period of resettlement and by the consolidation of war bonus at improved rates.

78. *Employment and Transference.*—The gross provision under this heading (Subheads F to H) amounts to 3,890,000*l.*, an increase of 3,532,000*l.* as compared with 1945. The increase is due to the inclusion of provision for certain services previously provided for from the Vote of Credit, viz.: (a) expenditure other than by way of loan in connection with the transference of workpeople (see paragraph 79), and (b) Miscellaneous Employment Services (see paragraph 81).

79. Provision is made under Subhead F for 3,350,000*l.* in respect of expenditure, mainly by way of grants, to promote employment by facilitating the removal and transference of workpeople and their dependants. The principal items of expenditure are 1,415,000*l.* for fares, lodging allowances, household removals, &c., 1,200,000*l.* for grants to the National Service Hostels Corporation, Limited, and 250,000*l.* for transportation expenses of persons settling in the Dominions and Colonies. Other expenditure for which provision is made includes cheap fares for transferred workers' visits home and payments in connection with workers recruited from outside the United Kingdom. Provision of 50,000*l.* is also included for advances of fares and repayable loans to enable workpeople to travel away from home to take up approved employment (Section 2 (1) of the Labour Exchanges Act, 1909); recoveries from workpeople or their employers during the year are estimated at 41,000*l.* (part of Item (2) of Appropriations in Aid, page 58).

80. Grants are made to local education authorities (Subhead G) in respect of their expenditure on schemes of Choice of Employment, including the administration of Unemployment Insurance and Unemployment Assistance for juveniles. These grants are made under statutory regulations which provide for the payment of a grant of 75 per cent. of the recognised net expenditure of a local education authority on such schemes. The provision under this subhead for 1946 is 175,000*l.*, an increase of 15,000*l.* as compared with 1945, due to anticipated increases in the salary scales of staffs of local education authorities.

81. A sum of 365,000*l.* is provided under Subhead H for Miscellaneous Employment Services; 332,000*l.* of the provision relates to services borne in 1945 on the Vote of Credit. The greater part of the services so transferred will cease to represent a charge on this Vote after 1946.

82. *Training, Rehabilitation, Resettlement, &c.*—The provision of 18,000,000*l.* for Training, &c., services under Subheads I, J.1 and J.2 includes 1,850,000*l.* for the salaries and travelling, &c., expenses of training centre staff, and provides for all types of training to be undertaken by or on behalf of the Ministry of Labour and National Service, including training under the Disabled Persons (Employment) Act, 1944, further Education and Training and Interrupted Apprenticeships; and also for Resettlement Grants.

83. Under Subhead K a sum of 20,000*l.* (the same amount as in 1945) is provided for grants to Education Authorities in respect of courses of instruction and occupation for unemployed juveniles. All the courses have been terminated and the 1946 provision is mainly for grants payable in respect of continuing liabilities for premises not now used for Centres. Miscellaneous receipts (e.g., rents for premises occupied for other services) are estimated at 7,000*l.* (part of item (10) of Appropriations in Aid, page 58).

84. A sum of 590,000*l.* is provided under Subhead L for *Expenses in connection with the National Service Acts, 1939 to 1942*. This service has previously been provided for under the Vote of Credit; the greater part of the provision is for expenses of Medical Boards and Consultants, and travelling, &c., expenses of men called up for service in H.M. Forces.

85. *Inspection of Factories.*—Provision is made under Subhead M for 420,000*l.* in respect of expenditure on Inspection of Factories, as compared with 391,220*l.* for 1945. The increase of 28,780*l.* is due to increased provision for salaries, &c.

86. Provision is included under *Other Services* for certain expenditure on Dock Labour Schemes (Subhead N, 25,000*l.*) and the cost of the National Arbitration Tribunal (Subhead Q, 8,300*l.*) services borne on the Vote of Credit

in 1945. Expenditure relating to the Anthrax Disinfecting Station (Subhead R) was previously provided for under the Vote for the Home Office (Class III, 1) ; the comparable provisions are 42,050*l.* and 43,000*l.* for 1945 and 1946 respectively. Receipts relating to Subhead R are estimated at 43,000*l.* for 1946 (Item (8) of Appropriations in Aid, page 58).

87. Of the *Appropriations in Aid* totalling 4,878,000*l.* the sum of 4,250,000*l.* represents the estimated credit to this Vote for expenses of administration of the Unemployment Insurance Acts recoverable from the Unemployment Fund and 257,000*l.* is in respect of grants from that Fund towards authorised courses of instruction for juveniles and unemployed persons. An anticipated increase in the general level of unemployment during the resettlement period accounts for the increase in the cost of administration of the Unemployment Insurance Acts.

88. The Estimate for **Grants in respect of Employment Schemes [Vote 5—1,340,000*l.*]** shows a decrease of 340,000*l.* as compared with the Estimate for 1945. This Vote makes provision for the necessary payments arising from the grants made prior to 31 August 1932 in respect of works of public utility which were calculated to promote employment in the United Kingdom. The grants made were generally a percentage of the interest, or interest and sinking fund, charges on the loans raised to meet the cost of the schemes ; the grants towards loan charges will expire about 1967. The decrease of 340,000*l.* in the Estimate for 1946 is due to the expiration of, or automatic reduction in, a number of grants.

89. The Estimate for the **Ministry of National Insurance [Vote 6—77,527,000*l.*]** shows an increase of 41,160,000*l.* as compared with 1945. The gross Estimate is 79,514,500*l.* of which 1,987,500*l.* will be covered by Appropriations in Aid.

90. The gross provision for *Administration* (Subheads A to D) amounts to 3,784,000*l.*, an increase of 1,430,800*l.* as compared with 1945. Of this provision, 3,542,500*l.* is in respect of Salaries, &c., an increase of 1,360,300*l.* The increase is due mainly to provision for staff required in connection with the payment of Family Allowances ; to additions to the staff allocated to duties in connection with the existing schemes of health, pensions and unemployment insurance, mainly owing to an increase in work consequent upon the release of persons from H.M. Forces and from Industry ; and to the cost of the consolidation of war bonus at increased rates.

91. *National Health Insurance* (Subhead E)—The Grants in respect of Benefits, &c., under the National Health Insurance Acts, 1936 to 1941 (10,130,000*l.*—England 8,565,000*l.*, Wales 521,000*l.* and Scotland 1,044,000*l.*) show a net decrease of 388,000*l.* Under the Acts the Exchequer contributes one-seventh (men) and one-fifth (women) of the cost of benefits and administration. Of the amounts now provided 3,247,000*l.* is in respect of medical benefit and administration and 6,883,000*l.* is in respect of sickness, disablement, maternity, &c., benefits and administration.

92. *Unemployment Insurance* (Subheads F to J)—The provision for the Exchequer contribution to the Unemployment Fund under Section 21 of the Unemployment Insurance Act, 1935 (Subhead F) amounts to 27,500,000*l.*, an increase of 2,500,000*l.* as compared with 1945. The Exchequer contribution is 50 per cent. of the sums estimated as payable during 1946 by employers and employed persons. The increase is accounted for by the need to provide for Exchequer contribution on sums estimated to be payable under Section 96 of the Unemployment Insurance Act, 1935, in respect of the periods of service of persons released from H.M. Forces.

93. *Family Allowances* (Subheads K and L)—The provision of 38,000,000*l.* under Subhead K represents the amount which it is estimated will be required during the year 1946 to meet the cost of the allowances payable under Section 1 of the Family Allowances Act, 1945. Payments of the allowances are due to commence on 6 August 1946. A sum of 4,000*l.* has been provided under Subhead L for the cost of appeals under Section 5 of the Act.

94. *Workmen's Compensation and Industrial Injuries Insurance* (Subheads M to P)—The amount provided for fees and expenses of Medical Referees (26,000*l.*) shows an increase of 1,000*l.* The amount of the Exchequer contribution under Subhead N to the Medical Expenses Fund for Silicosis, &c. (2,500*l.*) is the same as in the previous year. The amounts of 1,000*l.* and 5,000*l.* provided under Subheads O and P, respectively, for the Industrial Injuries Advisory Council and for Expenses of Research are subject to statutory authority being obtained in accordance with the terms of the National Insurance (Industrial Injuries) Bill before Parliament at the time of the presentation of the Estimates.

95. Of the *Appropriations in Aid* totalling 1,987,500*l.* the sum of 1,977,945*l.* represents the estimated credit to this Vote for expenses of administration of the Contributory Pensions Acts, the Unemployment Insurance Acts and certain special services in connection with the National Health Insurance Acts.

96. The Estimate for the **Assistance Board [Vote 8—8,500,000*l.*]** provides for the salaries and other administrative expenses incurred by the Board in connection with Unemployment Assistance, Supplementary Pensions and agency services on behalf of the Admiralty, War Office, Air Ministry, Ministry of Pensions and Board of Trade ; for the sums paid as unemployment allowances ; and for a grant in aid of expenditure by the National Council of Social Service. The Estimate shows an increase of 2,745,000*l.* as compared with 1945. There is an increase of 500,000*l.* in the provision for salaries, due mainly to the consolidation of war bonus at improved rates and incremental progression, and of 2,250,000*l.* in the amount required for unemployment allowances in anticipation of a larger number of applicants and a higher average allowance ; against this must be set an increase of 5,000*l.* in Appropriations in Aid.

97. The Estimate for **Old Age Pensions [Vote 10—106,000,000*l.*]** shows an increase of 48,000,000*l.* Of this amount 2,000,000*l.* is due to a further increase in the number of pensions payable by virtue of the Widows', Orphans' and Old Age Contributory Pensions Acts, 1936 and 1937, partly offset by a continued decline in the expenditure under the Old Age Pensions Act, 1936, and 46,000,000*l.* represents provision made for prospective increased payments under the National Insurance Bill now before Parliament.

98. This Estimate provides for the cost of pensions falling entirely on the Exchequer and for the expenses of local pension committees. The other expenses of administration are borne on the Votes of the Departments concerned.

Provision is made for payment to the following classes of pensioner :—

- (1) Persons over the age of 70 to whom old age pension is awarded under the Old Age Pensions Act, 1936, and blind persons over the age of 40 to whom old age pension is awarded under the Blind Persons Act, 1938. These pensions are non-contributory and are subject to a means qualification. Special statutory rules govern the calculation of means. There are also certain statutory conditions regarding residence and nationality, and statutory disqualifications for receiving payment of pension. The existing maximum rate of pension is 10*s.* a week, but increases up to a maximum of 26*s.* are expected on the introduction of new pension scales under the National Insurance Bill.

- (2) Persons over the age of 70 qualified for old age pension by virtue of the Widows', Orphans' and Old Age Contributory Pensions Acts, 1936 and 1937. In these cases there are no conditions as to means, residence or nationality, but there are certain statutory disqualifications. The general rate of pension under the Acts quoted above is 10s. a week, but a reduced rate is prescribed in certain cases where persons entered insurance at age 45 or upwards, and also where the average number of contributions per contribution year paid by special voluntary contributors under the 1937 Act has fallen short of 50. The general pension rate is expected to be increased to 26s. a week and, in the case of married women eligible for pensions by virtue of their husbands' insurance contributions, to 16s. a week, when the provisions of the National Insurance Bill come into effect.

The estimated number of pensions in payment to the classes mentioned above at the beginning of the year is 2,275,349.

99. The Estimate for **Widows', Orphans' and Old Age Contributory Pensions** [Vote 11—12,025,000*l.*] shows a decrease of 10,500,000*l.* This Estimate provides for the Exchequer payments to the Treasury Pensions Account (Subhead A, 10,500,000*l.*) and the Treasury Special Pensions Account (Subhead B, 1,525,000*l.*). Under Section 14 (3) of the Contributory Pensions Act of 1936 the payments to the former account are fixed at 15,000,000*l.* for the year 1936, rising by 1,000,000*l.* each year to 21,000,000*l.* for 1942. This figure applies also to the succeeding three years, after which the payment is to be such sum as Parliament may determine. Comprehensive new legislation on National Insurance (including pensions) has recently been introduced in the National Insurance Bill now before Parliament and in the meantime authority is sought by means of this Estimate for payment of a contribution for the first six months of 1946 at the same annual rate as the contribution for the immediately preceding years.

100. Section 6 (3) of the Contributory Pensions Act of 1937 provides for a payment from the Exchequer to the Treasury Special Pensions Account in 1939 and each of the two succeeding years of a sum greater by one-third than the amount which, on estimate, may be expected to be received in contributions in a year from persons who applied under that Act before 3 January 1939 for admission to insurance as special voluntary contributors (i.e., initial entrants): the final estimate for this payment was 1,525,000*l.* In each of the next succeeding seven years the payment was to be calculated from an estimate (to be made by the Government Actuary) of the capital loss to the Treasury Special Pensions Account arising through the admission to insurance of initial entrants at a flat rate of contribution. Difficulties of estimating due to the war and to the transfer under the 1941 Act (*see* paragraph 103) of many special voluntary contributors to the main scheme, made it necessary to provide by Regulations under that Act for the calculation to be deferred. In the meantime the annual payment to the special voluntary contributors' scheme will remain at 1,525,000*l.* (The note on pages 84 and 85 of the Estimate explains the relation between the Treasury Pensions Account on the one hand and the Pensions Account and Pensions (Scotland) Account on the other. A similar relation exists between the corresponding Special Pensions Accounts.)

101. The Contributory Pensions Acts of 1925 to 1935, which were consolidated in the Act of 1936, established a scheme of pensions for widows and children and of old age pensions at age 65 on a contributory basis, interlocked with the scheme of National Health Insurance. At age 70, the pensioner

becomes entitled to a pension under the Old Age Pensions Act, 1936 (see paragraph 98). The Contributory Pensions Act of 1937, which came into force on 3 January 1938, extended the scope of the Act of 1936 in relation to voluntary insurance for pensions.

102. The Old Age and Widows' Pensions Act, 1940, Part I of which came into force on 1 July 1940, provided for the reduction of the age at which old age pensions become payable to certain women from 65 to 60. The rates of contributions by employers and insured persons were increased but the Exchequer contributions as fixed by the 1936 Act were not varied.

103. The National Health Insurance, Contributory Pensions and Workmen's Compensation Act, 1941, increased, as from 5 January 1942, the maximum rate of remuneration governing compulsory insurance of persons employed otherwise than by way of manual labour from 250*l.* a year to 420*l.* a year.

104. The Estimate for **Supplementary Pensions [Vote 12—38,150,000*l.*]** provides for the payment of supplementary pensions to certain persons in receipt of Old Age Pensions or Widows' Pensions. The Estimate shows a decrease of 23,770,000*l.* since it is made on the basis that payments during the second half of the financial year will be considerably reduced, both in number and average amount, in consequence of the increased basic rates of Old Age Pension for persons who have retired from regular employment which it is proposed to introduce under the powers sought in the National Insurance Bill now before Parliament.

105. The Estimate for the **Ministry of Town and Country Planning [Vote 13—1,684,267*l.*]** shows an increase of 1,250,427*l.* as compared with 1945, due mainly to the provision of 1,000,000*l.* for the acquisition of land in connection with the establishment of new towns. Provision has also been made of the sum of 100,000*l.*, as compared with the token provision of 20*l.* in 1945, in respect of the grants which may become payable under Sections 5 and 6 of the Town and Country Planning Act, 1944. An increase of 152,497*l.* is due to staff increases to deal with the expanding work of the Department.

106. The Estimate for the **Department of Health for Scotland [Vote 14—10,321,210*l.*]** shows a net increase of 6,365,003*l.* Of this amount 3,279,850*l.* is accounted for by the inclusion of services hitherto charged to the Vote of Credit, 1,424,053*l.* by increases in normal services, and 1,661,100*l.* by new services.

107. The provision for *Central Administration* (447,000*l.*) shows an increase of 50,759*l.*, the greater part of which is due to increases of pay and consolidation of bonus at improved rates, and to increases in staff necessitated by the expansion of the work of the Department.

108. The provision under *Housing and Planning Grants and Services* (6,687,727*l.*) is increased by 3,322,653*l.* The provision of new houses under the Housing (Financial Provisions) (Scotland) Act, 1938, the Housing (Scotland) Act, 1944, and legislation at present before Parliament, has led to increases amounting in all to 989,387*l.* An increase of 1,325,000*l.* is provided for annuities under the Housing (Temporary Accommodation) Act, 1944, the total cost of which is now estimated at 1,400,000*l.* for 1946. In addition, provision is made for Emergency Housing Services (180,000*l.*), the cost of which in 1945 was met out of the Vote of Credit and, for the first time, for payments to the Building Materials and Housing Fund set up under the Building Materials and Housing Act, 1945, in respect of the excess cost of non-traditional houses (900,000*l.*). On the other hand, the provision for Housing Services in Development Areas (Distribution of Industry Act, 1945) shows a net decrease of 53,500*l.*

and now stands at 26,500*l.*, representing, with the exception of a token estimate of 100*l.* for new schemes, the amount expected to be required during the year to meet grants or loans under agreements entered into by the Commissioner for Special Areas (Scotland). There is also a decrease of 28,800*l.* resulting from the cessation of subsidy for houses completed in the year ended 31 March 1927 under the Housing, &c., Act, 1923.

109. The provision under *Hospital Grants and Services* amounts to 2,105,383*l.*, almost wholly representing charges hitherto met from the Vote of Credit for the Emergency Hospital Service which was built up during the War and is being maintained pending legislation to establish a comprehensive National Health Service.

110. The total estimate for *General Health Services* is 1,031,700*l.*, being an increase of 828,500*l.* as compared with 1945. The increase represents for the most part transfers from the Vote of Credit of the cost of services which came into existence in consequence of the war—tuberculosis allowances, grants on nursing salary increases, war-time nurseries (50 per cent. grant-aided instead of fully reimbursed as hitherto), blood transfusion and bacteriological services, &c.—and which are being continued pending legislation (802,900*l.*). The grant in aid for the purpose of improving medical service in the Highlands and Islands of Scotland (Subhead H.4) is increased by 7,000*l.*, owing partly to necessary expansion of the service and partly to the general rise in prices and rates of pay.

111. The cost of *Water and Sewerage Schemes* is estimated at 82,000*l.*, the increase of 4,900*l.* being mainly due to the increased provision required for grants or loans under agreements entered into by the Commissioner for Special Areas (Scotland).

112. *Miscellaneous Services* (290,000*l.*) is mainly accounted for by the transfer from the Vote of Credit of arrears of expenditure in respect of certain expiring war services, including the Evacuation Scheme and the Emergency Relief Organisation. The annuity payments to certain local authorities under Section 24 (1) (c) of the Local Government (Scotland) Act, 1929 (17,869*l.*), have now ceased.

113. Of the *Appropriations in Aid* totalling 322,600*l.*, the sum of 98,050*l.* represents items, mainly in connection with the Emergency Hospital Service, hitherto accounted for under the Vote of Credit. The balance consists chiefly of recoveries for medical and dental referee services (27,750*l.*) and of receipts from local authorities and housing associations in connection with housing services (196,750*l.*) of which 140,000*l.* represents estimated payments by local authorities under the Housing (Temporary Accommodation) Act, 1944.

## CLASS VI

### TRADE, INDUSTRY AND TRANSPORT

| 1946                  | 1945       |
|-----------------------|------------|
| £                     | £          |
| 147,381,761           | 37,871,251 |
| Increase £109,510,510 |            |

114. **This Class accounts for 7·1 per cent. of the total of Civil Estimates.**

115. The Estimate for the **Board of Trade** [Vote 1—20,603,380*l.*] shows an increase of 17,623,888*l.* as compared with 1945, mainly due to the inclusion of expenditure previously met from the Vote of Credit.

116. The expenses of *General Administration* (Subhead A, 3,409,200*l.*) show an increase of 1,218,900*l.* The increase under Salaries, &c., is mainly due to the fusion of the former Ministry of Production and the Board of Trade, the expansion of certain other Divisions, notably the Industries and Manufactures Department and the Regional Division and Organisation, and the increase in war bonus on consolidation. Under Subhead A.4 provision has been made for an increased Grant in Aid to the Council of Industrial Design and under Subhead A.5 for the cost of the " Britain can make it " Exhibition to be held in London next autumn. Increases are also shown under Solicitor's Department (Subheads B.1 to 3, 31,900*l.*), Insurance and Companies Department (Subheads C.1 to 8, 206,600*l.*), Industrial Property Department (Subheads D.1 to 4, 55,515*l.*), Bankruptcy Department (Subheads E.1 to 8, 1,200*l.*), Expenses under the Goods and Services (Price Control) Acts, 1939 to 1943 (Subheads F.1 to 3, 19,200*l.*), Expenses under the Trading with the Enemy Act, 1939 (Subheads G.1 and 2, 26,250*l.*) and Export Promotion Department (Subheads H.1 to 7, 392,868*l.*).

New Subheads (I to N) have been opened (*a*) to provide for the cost of the Raw Materials Department (formerly part of the Ministry of Supply) and certain related services, and (*b*) to provide for other expenditure arising out of the war, all of which has hitherto been met from the Vote of Credit.

*Appropriations in Aid* are estimated at 1,818,800*l.*, an increase of 1,377,065*l.* as compared with 1945.

*Extra receipts payable to H.M. Exchequer* are estimated at 42,552,500*l.* and represent mainly the surplus receipts from trading in raw materials and tobacco.

117. Commercial Relations and Treaties Department. The bulk of the work consists in the protection of United Kingdom commercial interests overseas and the consideration of commercial policy. To a limited extent the Department still continues its war-time work of ensuring that available supplies of essential goods are distributed on an equitable basis among overseas territories having a claim upon our resources. It is now increasingly engaged in the consideration of issues of commercial policy, particularly in connection with the International Conference on Trade and Employment.

118. The Export Licensing Branch carries out the detailed licensing of the export of goods under the Import, Export and Customs Powers (Defence) Act.

119. Since the Estimate was prepared the Industries and Manufactures Department has been reorganised and now comprises four Divisions only.

Division I is concerned with the following main subjects—(*a*) price control ; (*b*) policy on restrictive practices ; (*c*) the distribution of rationed goods and goods subject to permit and docket schemes ; (*d*) relations with the retail and wholesale trades and investigation of consumer needs ; (*e*) the enforcement of the various war-time controls of consumer goods administered by the Board of Trade and certain other accountancy services ; (*f*) the co-ordination of policy on the disposal on the home market of Government surplus stores covered by Command Paper 6539.

Division II controls the manufacture of textiles, clothing and footwear, hollow-ware, cutlery, pottery, furniture and other consumer goods. The Division administers utility production schemes and has general responsibility for the transitional and long-term problems of the consumer goods industries.

General Division consists of three main sections, dealing with the following subjects—

- (*a*) General Industrial Policy—which covers all general questions relating to long-term industrial efficiency and organisation.

- (b) Tariffs—which is concerned with policy questions relating to duties on goods imported into the United Kingdom, and
- (c) Import Licensing—which is responsible for the issue of import licences for all goods imported on private account into the United Kingdom.

Priorities Division.—The Priorities Division deals with questions of labour, fuel, materials and capacity for civilian (home and export) production for those industries for which the Board of Trade is responsible. It is concerned with general questions of reconversion and planning, and with the co-ordination of the export drive, and it also deals with general industrial and commercial policy in relation to the engineering and metals industries, and with the machinery and metals requirements of industries for which the Board of Trade is responsible.

120. The Distribution of Industry and Regional Division (which now combines the Regional Division and Control of Factory and Storage Premises, and includes certain of the Headquarters and Regional staff of the former Ministry of Production) is responsible for the Board of Trade aspects of the Government's distribution of industry policy (under Command Paper 6527 and the Distribution of Industry Act, 1945), including advice to manufacturers on industrial location and to the Ministry of Works in regard to applications for building licences, the allocation to peace-time use of surplus Government factories, industrial estates in development areas and the release of premises requisitioned for war-time production and storage purposes. The Division is also responsible for the co-ordination of the work of the Board of Trade Regional Controllers and for the Regional Boards for Industry and the National Production Advisory Council on Industry.

121. In the Statistics Division is centralised the work connected with statistics relating to trade and industry, both at home and abroad, including navigation, wholesale prices, census of production, work on the United Kingdom import and export statistics compiled by the Customs and Excise Department, and a number of returns relating to consumer goods.

122. The Tobacco Control regulates supplies of unmanufactured tobacco and the supply and fair distribution of manufactured tobacco to the public. Imports, exports, purchases, transfers and clearances from bond of unmanufactured tobacco are under its supervision (*see also* paragraph 134).

123. Under Production Division provision has been made for the salaries of certain of the Headquarters and Overseas staffs (including those locally engaged) of the former Ministry of Production. The Division deals with questions of raw materials priorities, industrial information, programmes and planning and supplies to liberated areas.

124. The German Division was set up in October 1945 to deal centrally with the problems arising in the Board's sphere of interest in connection with Germany and Austria.

125. Subheads B.1 to 3 provide for the *Solicitor's Department* and include costs in connection with legal proceedings which may have to be instituted under the various statutes administered by the Board, and for breaches of certain Orders made thereunder, and under the Defence Regulations. The Solicitor to the Board of Trade is also Solicitor to the Ministry of Fuel and Power. The increase under Subhead B.1 is mainly due to the provision for additional staff to deal with work arising from the nationalisation of the coal mining industry.

126. Subheads C.1 to 8 provide for the salaries and expenses of the *Insurance and Companies Department*. This Department is responsible for the general administration of the war damage insurance schemes under Part II of the War Risks Insurance Act, 1939 (Commodity Scheme) and Part II of the War Damage Act, 1943 (Business and Private Chattels Schemes), the Companies Act (including Company law amendment as a result of the Cohen Committee's Report), the Assurance Companies Acts, the Prevention of Fraud (Investment) Act, and others. Subheads C.1 to 3 relate both to the war-time activities of the Department arising out of the war damage schemes referred to above and to statutory and other functions of the Department, and some of the expenditure provided for has previously been borne on the Vote of Credit. Under Subhead C.3 provision has, in addition, been made for extra-statutory expenditure in connection with the Channel Islands Rehabilitation Scheme and grants to persons returning from captivity in the Far East. Subheads C.4 to 8 relate to normal work arising mainly from the winding-up of Companies under the Companies Act, 1929, the total cost of which is recovered from the Bankruptcy and Companies (Winding-up) Fees Account and appropriated in aid of the Vote.

127. The gross cost of the *Industrial Property Department including the Patent Office* (Subheads D.1 to 4) is estimated at 373,600*l.*, the increase of 55,515*l.* being mainly due to provision for the salaries of officers returning from secondment to other Departments and of new appointees, and to the increase in war bonus on consolidation. The cost of the Department is covered by appropriations in aid, derived mainly from stamp fees, and it is estimated that there will be a surplus of 491,100*l.* payable to the Exchequer as Extra Receipts.

128. Subheads E.1 to 8 provide for the salaries and expenses of the *Bankruptcy Department*, which administers the Bankruptcy and Deeds of Arrangement Acts. The cost of the Department, together with certain related expenses borne on other subheads, is recovered from the Bankruptcy and Companies (Winding-up) Fees Account and appropriated in aid of the Vote.

129. Subheads F.1 to 3 provide for the salaries of officers engaged upon, and certain expenses (other than legal expenses which are provided for under Subhead B.3) incurred in the administration and enforcement of, the *Goods and Services (Price Control) Acts, 1939 to 1943*, as amended by the Defence (Price Control) Regulations, 1945, made under the Supplies and Services (Transitional Powers) Act, 1945.

130. Subheads G.1 and 2 provide for salaries and expenses of the *Trading with the Enemy Department*, which exercises powers of both the Treasury and the Board of Trade but is treated for administrative purposes as a Department of the Board of Trade.

131. Subheads H.1 to 7 (*Export Promotion Department*) provide for the salaries and expenses of that part of the Department of Overseas Trade which is being merged with the Board of Trade as from 1 April 1946. The Salaries Subhead (235,300*l.*) is increased by 80,868*l.* to provide for additions to the headquarters staff required in connection with the development and expansion of export trade. The sum provided for Trade Commissioner Establishments (127,300*l.*) is higher by 18,730*l.* to meet the cost of new posts and increases in local and other allowances. Expenditure in respect of the British Industries Fair, to be held in 1947, is estimated to amount to 205,000*l.* and receipts (shown under Appropriations in Aid) to 183,000*l.* The Grant in Aid of the Travel and Industrial Development Association of Great Britain and Ireland (Subhead H.6) is increased by 50,000*l.* to assist the preparatory work of the Association in encouraging resumption of visits to the United Kingdom by tourists from countries overseas.

132. Under Subhead I provision has been made for the cost of that part of the *Raw Materials Department* which is being transferred from the Ministry of Supply to the Board of Trade as from 1 April 1946, and certain related services. The estimated outcome on trading services, with a turnover of about 337,400,000£., is a net surplus of 36,737,000£., which will be paid to the Exchequer as Extra Receipts. This arises largely from the excess of sales over purchases, due to the anticipated reduction during the year of war-time stocks. In general, sales are made at prices which cover costs, but losses are being incurred where the price has been stabilised for cost of living or other reasons. The provision for the purchase of tools and equipment for rubber production reflects the measures taken in order to ensure the rapid resumption of natural rubber production in Malaya. The provision for expenses in connection with Salvage and Recovery is in respect mainly of the excess cost of the collection of kitchen waste over the amount which can be covered in the selling price.

133. Subhead J—*Cotton and Wool Utility Cloth Rebates*—provides for the expenditure involved in the payment of rebates to merchant converters and manufacturers in order to stabilise the prices of utility cotton goods and utility wool outerwear, in pursuance of the general stabilisation policy.

134. Under Subhead K a token sum of 10£. has been provided for *Tobacco Trading Services*. Purchases are estimated at 14,000,000£. and freight charges at 1,000,000£., while receipts from sales (including stocks in hand) are estimated at 20,000,000£., the surplus being payable to the Exchequer as Extra Receipts.

135. Subhead L provides for the estimated expenses of the Wool and Leather Export Corporations. These are non-profit making corporations set up under the Defence (Encouragement of Exports) Regulations, 1940, to assist export trade by providing, for the benefit of these industries, services such as market and consumer research, the organisation of trade missions, exhibitions and other overseas publicity, and the collection and distribution of information and statistics. Levies are charged by the Board of Trade on raw wool (under the Encouragement of Export (Wool Textiles) Order, 1941) and on hides, skins, tanning materials and imported leather (under the Encouragement of Export (Leather Footwear and Allied Products) Order, 1941) in order to meet the expenses of these Corporations. The levies are estimated to produce 75,000£. in 1946 (*see Appropriations in Aid, Subhead Z*).

136. Subhead M provides for payments in respect of care and maintenance of China Clay producing works which ceased production under the Production of China Clay (Restrictions) Order, 1942. Funds for this purpose are derived from a levy made on producers under the China Clay Charges Order, 1943 (*see Appropriations in Aid, Subhead Z*).

137. Subhead N provides for the cost of certain *Miscellaneous Services arising out of the War*. The provision for payments for diverted and requisitioned cargoes relates to cargoes bound for other countries which were diverted from their destinations and to cargoes requisitioned in British ports during the War.

138. In the Estimate for **Services in Development Areas [Vote 2—11,260,000£.]** provision has been made for the stimulation of the industrial development of those areas in which there is likely to be a special danger of unemployment and which are scheduled as Development Areas under the Distribution of Industry Act, 1945. The Estimate shows an increase of 9,210,000£. over the provision made in 1945.

139. The Estimate for **Financial Assistance in Development Areas [Vote 3—633,500£.]** provides primarily for grants and loans to Industrial Undertakings in Development Areas under Section 4 of the Distribution of Industry Act, 1945. No provision for this service was made in the 1945 Estimates but the Vote also includes provision for the balance of a loan under the Special Areas (Amendment) Act, 1937, for which the corresponding provision in 1945 was 100,000£.

140. The Estimate for **Export Credits [Vote 4—100£.]** is again for a token sum. The Estimate provides for the salaries and other expenses incurred by the Export Credits Guarantee Department in administering the powers conferred on it by the Export Guarantees Acts of 1939 and 1945, under which guarantees may be given to, or for the benefit of, United Kingdom exporters in connection with the export of goods from this country.

141. Estimated gross expenditure shews an increase of 95,300£. as compared with 1945. This is due to increases of 89,200£. in the amount estimated to be expended for payments under guarantees (Subhead C, 376,200£.), of 3,100£. in salaries (Subhead A, 90,000£.) and of 3,000£. in travelling, commission, &c. All these increases are due to the anticipated expansion in the Department's business with the revival of export trade. Appropriations in Aid (Subhead Z, 492,200£.) shew a corresponding increase of 95,300£., which is accounted for by increases of 75,300£. in estimated receipts from premiums and of 20,000£. in expected recoveries in respect of payments made under guarantees.

142. The Estimate for **Export Credits (Special Guarantees) [Vote 5—100,000£.]** provides for payments and receipts in respect of guarantees given under the Overseas Trade Guarantees Act, 1939. Payments of this nature have hitherto been met from the Vote of Credit. The payment of 200,000£. (Subhead A, Payments under Guarantees) is the estimated sum required to meet sinking fund payments under Guarantee Agreements concluded in 1939 with Roumania and Greece on which, owing to the war, default has occurred. The receipts of 100,000£. (Subhead Z, Appropriations in Aid) represent estimated net premium receipts of 67,000£. under Guarantee Agreements already concluded and 33,000£. on further specific guarantees likely to be given.

143. The Estimate for the **Ministry of Fuel and Power [Vote 6—3,080,000£.]** provides for the whole of the salaries and other administrative expenses of the Ministry (including the expenses of administration of the War Services covered by the Estimate for Class X, 4)\*, and for the costs, other than administrative, of certain peace-time services. The Estimate shows a net decrease as compared with 1945 of 20,000£., due mainly to a reduction of 23,500£. in net administrative costs (largely arising out of changes in personnel and remuneration) and a decreased need for assistance towards fuel efficiency schemes (reduction of 17,500£.) partly offset by an increase of 20,900£. in the provision for research in relation to mines and quarries. The abolition of the Group Production Directors whose salaries and expenses, borne in the first instance on the Vote, were recoverable from the Coal Charges Account, accounts for a reduction of 163,000£. in the administrative subheads A to C with a corresponding reduction in Appropriations in Aid.

144. The Estimate for the **Ministry of Agriculture and Fisheries [Vote 8—8,276,693£.]** shows an increase of 2,970,227£. as compared with 1945. Of the gross Estimate of 8,901,428£., 624,735£. will be covered by appropriations in aid, of which 184,765£. are in the form of grants from the Development Fund.

---

\* See paragraphs 285 to 289.

145. The gross expenditure provided under Subheads A and B for *Salaries, &c., and Travelling Expenses* of the Ministry (other than Kew Gardens and the Fisheries Department) amounts to 2,758,412*l.*, representing an increase of 1,065,094*l.* as compared with 1945. A summary of the provision for salaries appears in the table on page 69 of the Estimate. This increase is due mainly to provision having been made for the cost of staff in connection with the National Agricultural Advisory Service which is to be brought into operation on 1 October 1946, to the consolidation of war bonus at increased rates and to expenditure in connection with the purchase and maintenance of official cars for which, in view of the cessation of inter-departmental waiver arrangements, payment will fall to be made to the supplying Departments.

146. *Legal and Incidental Expenses* (Subhead C).—The provision of 16,000*l.* for this service in 1946 shows an increase of 3,000*l.* as compared with 1945.

147. *Special Services* (Subhead D).—The increase of 7,680*l.* as compared with 1945 arises partly under the head of Departmental Committees and enquiries, experiments, &c., where provision has been made for the cost of Tribunals to be set up to hear appeals from occupiers of agricultural holdings against decisions to take possession or to terminate the tenancies, and partly in respect of the administrative expenses of the Government of Northern Ireland in connection with various subsidies, grants, &c.

148. *Statistics* (Subhead E).—Part-time reporters are employed to make returns of the acreage of crops, numbers of live stock, estimated yield of crops and prices of agricultural produce for departmental and other uses. Expenditure on this service in 1946 is estimated, as in 1945, at 37,000*l.*

149. Expenditure in respect of *Agricultural Education* (Subheads G.1 to 4) falls under three main heads:—

- (a) Subhead G.1. Scholarships and maintenance grants are provided for the sons and daughters of agricultural workmen, &c. These grants were originally provided out of the special fund established under the Corn Production Acts (Repeal) Act, 1921, but from 1927 onwards have been borne on Votes. Provision is also made in 1946 for a revival of the scheme for the award of scholarships for agricultural teachers, organisers, &c. In 1946 provision under this subhead is 12,000*l.*, an increase of 1,990*l.* as compared with 1945.
- (b) Subhead G.2. Under this subhead provision of 321,000*l.* is made in connection with the National Agricultural Advisory Service, for the initial stocking and maintenance of experimental farms, laboratories, &c., and for technical development work which has hitherto been carried out by County War Agricultural Executive Committees.
- (c) Subheads G.3 and 4. Grants are payable in support of agricultural education (i) to colleges and institutions (265,350*l.* in all) partly in aid of capital expenditure, including minor improvements, equipment, &c., and partly in the form of fixed grants in aid of maintenance expenditure; and (ii) to local authorities (250,000*l.*) at a specified rate (at present 60 per cent.) of their approved expenditure, including capital expenditure. The grants under (i) and (ii) show an increase of 110,100*l.* and a decrease of 30,000*l.* respectively as compared with 1945. The increase under (i) is due to provision of 100,000*l.* having been made for grant aid on a £ for £ basis at certain centres of higher agricultural education where capital improvements are anticipated and for payment of higher maintenance grants in

accordance with the recommendations of the Loveday Committee on Higher Agricultural Education. As to (ii) the decrease is due to the establishment of the National Agricultural Advisory Service with consequent transfer thereto of a number of the officers of local authorities. Of the capital grants under (i) above in respect of major improvements, a sum of 17,500*l.* will be recovered from the Development Fund as an appropriation in aid of the Vote.

150. The total provision for *Agricultural Research* is 869,530*l.* (as against 725,400*l.* in 1945), and of this provision 146,585*l.* is recoverable from the Development Fund and 1,950*l.* from the Agricultural Research Council. A sum of 131,530*l.* is provided (Subhead G.5) for expenditure on research undertaken or financed direct by the Ministry, e.g. for research on foot-and-mouth disease and other veterinary subjects. This provision includes a sum of 37,100*l.* in respect of services on which expenditure in 1945 was met from the Vote of Credit.

151. The main provision for research takes the form of grants to colleges, institutions, &c., as follows :—

- (i) For research in particular subjects 330,000*l.*, as compared with 275,000*l.* in 1945 (Subhead G.7), by way of fixed grants in aid and 42,000*l.* (Subhead G.6(a) and (c)), as against 52,600*l.* in 1945, in variable capital and other grants dependent on the expenditure incurred. The additional provision in the case of the former is due mainly to normal increases, i.e. increments, &c., and to the cost for a full year of new posts for which only partial provision was made in 1945. As regards the latter, the decrease is due to a reduced provision for capital expenditure.
- (ii) For the local advisory services of Universities and Colleges, 366,000*l.*, an increase of 51,000*l.* on 1945. An increase of 215,000*l.* for grants in respect of the National Milk Testing and Advisory Service, which in previous years have been met from the Vote of Credit, is partly offset by a reduced provision for agricultural advisory work which from 1 October 1946 will form part of the National Agricultural Advisory Service. The provision includes 6,000*l.* recoverable from the Land Fertility (Research) Fund.

152. Expenditure on matters connected with *Live Stock* includes 731,500*l.* (Subhead H.1) in respect of grants to the Diseases of Animals Account, as compared with 711,300*l.* in 1945. Under the Diseases of Animals Act, 1894, the cost (including compensation for slaughtered animals) of measures dealing with foot-and-mouth disease and swine fever is chargeable to the Diseases of Animals Account which, in turn, is kept in funds out of voted moneys. The Diseases of Animals Act, 1935, provided for the application to poultry of the enactments relating to diseases of animals, and the Agriculture Act, 1937, (Part IV), gave general power to the Minister to expend money for the eradication of diseases of animals, and extended the powers of the Minister as to slaughter and payment of compensation to include any animal which is affected or suspected of being affected with, or which has been exposed to the infection of, any disease which is included in Orders of the Minister made under the Act. Under the latter Act, payments of bonus in respect of Attested Herds, which previously had been paid out of the Milk Votes, are payable out of the Diseases of Animals Account. The provision for 1946 comprises 200,000*l.* for foot-and-mouth disease, 16,000*l.* for swine fever, 502,550*l.* in connection with the campaign for the eradication of tuberculosis in cattle and 12,950*l.* for other diseases.

153. The sum of 134,800*l.* for *Improvement of Live Stock* (Subhead H.4) shows an increase of 74,000*l.* as compared with 1945, due to the provision made in respect of grants for milk recording, which service formed a charge on the Vote of Credit in 1945. The increased provision of 2,400*l.* for Exportation of Pedigree Stock (Subhead H.6) is for the re-equipment and upkeep of the London Quarantine Station, which was closed on the outbreak of war.

154. For *Artificial Insemination* (Subhead H.7) a sum of 25,000*l.* has been provided, an increase of 13,000*l.* as compared with 1945. This increase arises mainly on the provision for Research Centres which in 1945 were operated by the Ministry only for the latter part of the year. Specific statutory authority for the services for which provision is made under this subhead is being sought in the Agriculture (Artificial Insemination) Bill before Parliament at the time of the presentation of the Estimates.

155. Under the legislation relating to *Land Settlement*, provision is made (Subhead J.1) for 794,000*l.* as a grant in aid of the Small Holdings and Allotments Account. Of this sum 742,500*l.* is required for payments to County Councils and Councils of County Boroughs under Section 27 of the Land Settlement (Facilities) Act, 1919, as amended by the Land Settlement (Facilities) Amendment Act, 1925. These payments represent the excess of the Councils' small holdings charges payable during the year over the net annual income of their small holdings estates. They are payable under sealed agreements and are unalterable, but the amounts will gradually decrease by reason of the termination of leasing schemes and the repayment of loans, the final payments being made in the year 2002. The remainder (51,500*l.*) is required for payments to Councils in connection with the provision of small holdings, &c., under Section 2 of the Small Holdings and Allotments Act, 1926, payments to local authorities in respect of losses on the provision of allotment gardens for unemployed or partly employed persons (Section 14, Agricultural Land (Utilisation) Act, 1931), and net requirements in connection with Farm Settlements established under the Small Holding Colonies Acts, 1916-18.

156. Grants amounting to 860,000*l.* are provided in respect of *Land Drainage* as compared with 880,000*l.* in 1945. Of this amount 465,000*l.* is for grants in respect of schemes for the improvement of agricultural land carried out by Drainage Authorities and comprises 424,000*l.* in respect of schemes under Part III of the Agriculture Act, 1937, 1,000*l.* for the remanet of schemes for the relief of unemployment, and 40,000*l.* in respect of schemes carried out under war emergency legislation. Grants in connection with the last-mentioned schemes were met from the Vote of Credit in 1945. The balance of 395,000*l.* is for grants, under the Land Drainage Act, 1930, of various percentages of approved expenditure incurred by Catchment Boards in the improvement of existing works or the construction of new works. These grants usually take the form of contributions towards loan charges, but the provision for 1946 includes 138,000*l.* for payment of instalments of outright grants.

157. Under Subhead J.5. provision of 25,000*l.* is made for loans to Drainage Authorities in respect of such portion of the approved cost of certain of the above schemes as is not met by way of grant, as authorised by war emergency legislation; expenditure on this service in 1945 was met from the Vote of Credit. Following the repeal of the Special Areas (Development and Improvement) Acts, 1934 and 1937, provision of 10,000*l.* is made (under Subhead J.6.) for expenditure under agreements entered into by the Commissioner for Special Areas (England and Wales) and transferred to the Minister under the Distribution of Industry Act, 1945.

158. The *Agricultural Wages (Regulation) Act, 1924*, established throughout England and Wales county agricultural wages committees with power, *inter alia*, to fix minimum rates of wages for agricultural workers and, also, for the country as a whole, an Agricultural Wages Board with power to make Orders giving effect to the decisions of the Committees. The Agricultural Wages Regulation (Amendment) Act, 1940, provided for the fixing by the Agricultural Wages Board of a national minimum wage for adult male workers in agriculture, within the framework set up by the original Act. As an emergency measure, the powers of Agricultural Wages Committees to fix minimum rates of wages have been transferred by Order in Council to the Agricultural Wages Board, which however is required to consult the Committees before reaching decisions. The cost (salaries, fees, travelling, &c., expenses) of the Board and the Committees and the other expenses of administering the Acts in 1946 charged to this Vote are estimated at 20,000*l.* The total expenditure incurred under the Act (as shown on page 66 of the Estimate) is estimated at 58,725*l.* The statutory maximum is 70,000*l.*

159. Provision is made for assistance in respect of *Agricultural Credits*. First, provision of 150,000*l.* is made for the payment by way of grant or by way of loan to the Agricultural Mortgage Corporation, Limited, of the maximum annual amount authorised by Section 32 of the Agricultural Development Act, 1939, as amended by Section 2 of the Agriculture (Miscellaneous Provisions) Act, 1944, up to and including the year beginning 1 April 1958. The Corporation was established under the Agricultural Credits Act, 1928, with the object of making loans on mortgages of agricultural land and under the Improvement of Land Acts for agricultural purposes. Secondly, provision (35,000*l.*) is made for indemnifying the Public Works Loan Commissioners against loss through the repayment by borrowers before the due date of loans made under Section 1 of the Agricultural Credits Act, 1923.

160. The provision of 1,400*l.* under Subhead M.1 for *Improvement of Marketing of Agricultural Produce*, shows an increase of 1,390*l.* as compared with 1945 (when only a token sum was provided) in view of some resumption of activities in connection with this service.

161. Provision is made under this Vote for the *Royal Botanic Gardens, Kew*. The gross cost is 90,292*l.*, of which 27,699*l.* is for salaries, &c., 12,700*l.* for police and patrols, and 48,968*l.* for the maintenance of the gardens. Against this expenditure are to be set the receipts of 6,500*l.* in admission fees, &c., appropriated in aid of the Vote.

162. Under Subhead O.3. provision is made for capital expenditure of 6,800*l.* in connection with the improvement of the *Paglesham Estate* which was acquired by way of gift. Pending a decision as to the purpose for which the Estate is to be used the property is being managed and farmed on behalf of the Ministry by the Essex War Agricultural Executive Committee. The cost of farming operations and upkeep in 1946 is estimated at 19,500*l.* against which are offset receipts amounting to 15,000*l.* The excess of payments over receipts is due chiefly to the decision to build up a herd of cattle.

163. The provision of 979,500*l.* for *Agricultural Training Schemes* (Sub-head O.4) shows an increase of 919,500*l.* as compared with 1945, due mainly to the larger releases of men and women from war service with the progress of demobilisation. The expenditure is partly offset by receipts from employers in respect of trainees' services amounting to 330,000*l.* appropriated in aid of the Vote. The provision under the subhead includes a sum of 14,500*l.* in respect of a scheme financed from the Vote of Credit in 1945.

164. Under Subhead O.5.—*Settlement Grants*—the provision of 200,000*l.* shows an increase of 150,000*l.* as compared with 1945, in which year provision was made for this service by way of Supplementary Estimate. This increase, as in the case of agricultural training schemes, is consequent upon the progress of demobilisation.

165. *Operations under the Forestry Act, 1945* (Subhead O.6). The provision (10,000*l.*) for this new service shows an increase of 9,900*l.* as compared with 1945, when a token sum of 100*l.* was provided by way of Supplementary Estimate. Receipts of 4,500*l.* resulting from the management and use by the Minister of land not placed at the disposal of the Forestry Commissioners are appropriated in aid of the Vote.

166. The gross cost of the *Fisheries Department* is 212,214*l.*, an increase of 151,447*l.* as compared with 1945. This increase is due mainly to the provision (under a new Subhead P.7.) of a sum of 130,000*l.* for the purpose of giving financial assistance, by way of loan or grant, to inshore fishermen, &c., for the acquisition of boats and equipment and the improvement thereof, as authorised by the Inshore Fishing Industry Act, 1945. Other main factors are the provision for additional scientific staff, consequent upon the cessation of hostilities (Subhead P.1) and for the conversion and maintenance of a new research vessel (Subhead P.5). The gross estimate includes 16,330*l.* as the cost (salaries and travelling expenses) of scientific and technical staff engaged on general fishery research and shellfish research, and 12,800*l.* for the general expenses of such research. Of this expenditure on research, 21,280*l.*, less receipts estimated at 800*l.*, is recoverable from the Development Fund and appropriated in aid of the Vote.

167. *Appropriations in Aid* show a decrease of 142,693*l.* as compared with 1945. The main decreases are 449,215*l.* in the grants from the Development Fund for agricultural services, due to the decision whereby expenditure on certain services, the cost of which has hitherto been recovered from that Fund, will form a final charge on the Ministry's Vote from 1 October 1946, and 25,000*l.* in the amount of the contribution from the Land Fertility (Research) Fund towards the cost of advisory and local investigation work. The decreases are partly offset by an increase of 310,000*l.* in the amount of contributions from employers in respect of the services of disabled and ex-service trainees (*see* Agricultural Training Schemes, Subhead O.4).

168. The Estimate for the **Ministry of Agriculture and Fisheries (Food Production Services)** [Vote 9—37,529,500*l.*] provides for expenditure on certain services the cost of which was met from the Vote of Credit in 1945. Of the gross Estimate of 72,707,500*l.*, 35,178,000*l.* will be covered by appropriations in aid.

169. *Purchase, storage, &c., of tractors, and other agricultural and land drainage machinery, implements, vehicles, &c.* (Subhead A). This provision of 4,370,000*l.* is mainly for the purpose of meeting the cost of machinery, &c., purchased for the use of County War Agricultural Executive Committees in connection with lands in possession or with the carrying out of cultivation and other operations on behalf of farmers, &c., and for resale to the trade. A sum of 1,320,000*l.* is also included in respect of purchases for European relief, the cost of which is recoverable from the Vote for United Nations Relief and Rehabilitation Administration and will be brought to account under Appropriations in Aid (Subhead Z). This service extends to Scotland and Northern Ireland.

170. *Grants for ploughing up grassland (England and Wales and Northern Ireland)*—Subhead B (700,000*l.*).—These grants, which are made with a view to increasing the tillage area, were originally limited, under legislation passed shortly before the war, to eligible land ploughed up not later than 31 October 1939, but under a later enactment the power to pay such grants was extended to land ploughed up in any year falling wholly or partly within the war period.

171. Under Subhead C a sum of 39,225,000*l.* is provided in respect of the expenditure of *County War Agricultural Executive Committees*, the local agents of the Ministry in connection with the food production campaign. This provision includes 3,040,000*l.* for administrative expenses, 4,000,000*l.* for machinery operations, 3,300,000*l.* for lands of which possession has been taken and 26,210,000*l.* for gang labour. The last-mentioned item includes a sum of 21,000,000*l.* in respect of a payment to the War Office for the value of the services of prisoners of war supplied to Committees for use in agriculture, after allowing for the expenses (mainly for transport) incurred by Committees in connection with this class of labour. Against the above expenditure, receipts by Committees amount to 25,500,000*l.* (*see Appropriations in Aid*).

172. *Women's Land Army* (Subhead D).—The provision of 1,223,000*l.* for this auxiliary labour force, which was established on a peace-time basis in 1939, includes 277,000*l.* for administrative expenses, 150,000*l.* for uniforms and 550,000*l.* for the cost of running hostels for the accommodation of members. The above expenditure is partly offset by receipts amounting to 370,000*l.*, mainly in respect of hostel fees (*see Appropriations in Aid*).

173. *Grants in respect of breeding ewes on hill farms (England and Wales and Northern Ireland)*—Subhead E (925,000*l.*) and *Grants in respect of cattle on hill grazings*—Subhead F (700,000*l.*).—The former grants have for their object the preservation of the foundation stocks of ewes of mountain breeds which are an essential element of the British sheep industry, while the latter are designed to encourage the improvement of hill grazings and the provision of summer pasturage for young cattle from lowland farms.

174. *Contributions towards cost of lime (United Kingdom)*—Subhead G (3,000,000*l.*).—These contributions, normally at the rate of fifty per cent. of the cost of acquiring and transporting, are paid to occupiers of agricultural land with a view to encouraging the application of lime thereto in order to improve fertility. The scheme, statutory authority for which was obtained in 1937, was originally due to terminate not later than 31 July 1942; successive extensions have, however, been authorised and the scheme is at present continuing until 31 July 1947.

175. *Crop acreage payments (England and Wales and Northern Ireland)*—Subhead H (15,500,000*l.*).—These payments were introduced in 1943 in the interest of maximum food production, with a view to increasing growers' receipts from marginal lands or lands in areas where, owing to climatic conditions, there was a greater risk of crop failures or low yields. The payment, which was part of the price, ensured a return to the grower irrespective of yield, and from the inception of the scheme the prices previously ruling were suitably reduced.

176. *Purchase of land*—Subhead I (75,000*l.*).—When land of which possession has been taken, either by the Minister or by a County War Agricultural Executive Committee, is given up, the owner is liable to pay a sum equal to so much of the value of the land as is attributable to the Minister's or the Committee's operations. As an alternative means of securing this increase in value, the Minister has power to purchase the land.

177. The provision of 6,600,000*l.* under Subhead J for *Purchase and storage of seeds* comprises (i) 2,500,000*l.* in respect of seeds for the British Zones in Germany and Austria, (ii) 1,490,000*l.* for rye grass seed in Northern Ireland, and (iii) 2,610,000*l.* for seeds from other countries. This expenditure is partly offset by receipts amounting to 6,000,000*l.*, which include a recovery of 2,500,000*l.* from the Control Office for Germany and Austria in respect of purchases under (i) above.

178. Under Subhead K.—*Contributions towards cost of erection of cottages for agricultural workers*—the provision of 10,500*l.* is for remanet expenditure in connection with a scheme formulated in 1943 for the erection of 3,000 cottages. It is at present expected that in the case of 70 of these cottages the special subsidy of 150*l.* will not mature until 1946.

179. The provision of 379,000*l.* under *Miscellaneous* (Subhead L) is for a number of services of a minor character, the principal item being one of 117,000*l.* for the purchase and storage of grain sacks, either for sale to farmers or for use by County War Agricultural Executive Committees in connection with lands in possession.

180. *Appropriations in Aid* (Subhead Z) amount to 35,178,000*l.*, of which receipts by County War Agricultural Executive Committees account for 25,500,000*l.* (consisting chiefly of receipts from farmers, &c., for goods and services, 22,000,000*l.*, and from lands in possession, including farming operations, 3,250,000*l.*). The other main items are 6,000,000*l.* in respect of sales of seeds, &c., and 3,120,000*l.* for sales of agricultural machinery, &c.

181. The Estimate for **Surveys of Great Britain, &c. [Vote 10—1,367,561*l.*]** shows an increase of 202,636*l.* and provides for a considerable expansion of staff to undertake a resurvey of the whole country based on fresh trigonometrical data. The increase in gross expenditure (327,561*l.*) is offset to the extent of 124,925*l.* by increased receipts.

182. The Grant in Aid required for the **Forestry Commission [Vote 11—2,750,000*l.*]** represents an increase of 1,900,000*l.* as compared with 1945. Expenditure is estimated at 3,642,000*l.* (an increase of 1,963,000*l.*), receipts at 642,000*l.* (a decrease of 22,000*l.*), leaving net expenditure at 3,000,000*l.* It is expected that the balance in the Forestry Fund at 1 April 1946 will be 260,000*l.*, due to under-spending on acquisitions and on forestry operations owing to shortages of staff and labour. Of the carry-over, 10,000*l.* will be reserved as a working balance, leaving 2,750,000*l.* to be provided as a Grant in Aid.

183. The Estimate has been framed to cover, generally, Year 1 of the five-year programme announced by the Minister of Agriculture and Fisheries in the House of Commons on 30 November 1945. It provides for greatly increased programmes of new afforestation and replanting of felled woodlands, assistance to owners of private woodlands, and education, training and research. Additional staff rendered necessary by the enlarged programmes has been provided for.

184. Provision is made for the acquisition of 100,000 acres of plantable land, partly by purchase (Subhead D) and partly by lease (Subhead E). The planting programme is 30,000 acres, an increase of 22,000 as compared with 1945. Increased provision has been made for the maintenance of plantations where heavy arrears of cleaning, thinning and upkeep of drains and fences have accumulated during the war. Additional mechanical equipment is necessary for these operations.

185. Provision is made (under Subheads E and F) for initial expenditure on the construction of 1,000 new houses for foresters and workers and for overtaking heavy arrears of repairs. Under Advances for Afforestation Purposes grants to landowners are provided for on a greatly increased scale. Provision is made for five schools for forest apprentices, for short courses for woodmen on private estates, and for the training of forest workers. Grants to colleges and institutions are on a considerably increased scale to provide for the education of much larger numbers of forest officers than hitherto.

186. The Estimate for the **Development Fund [Vote 12—1,000,000.]** represents an increase of 6,000*l.* as compared with the grant for 1945. Net expenditure in 1946 is estimated at 1,130,000*l.*, as compared with 1,006,300*l.* in 1945, an increase of 123,700*l.*, but the estimated balance in the Fund at the beginning of the financial year 1946 (130,000*l.*), is 117,700*l.* higher than that at the beginning of 1945.

187. The Estimate for the **Ministry of Transport\* [Vote 13—4,704,423*l.*]** makes provision for the salaries and general administration expenses of the Ministry of Transport, most of which were defrayed from the Vote of Credit in 1945. It also provides for the expenses of maintaining Holyhead Harbour and the Caledonian and Crinan Canals, and for certain other services which in 1945 were provided for in the Estimate for Miscellaneous Transport Services. Except in the case of the latter services no comparable 1945 provision can be shown.

188. The *Railway Rates Tribunal*, for which 10,800*l.* is provided in Subhead E and 831*l.* in Subhead A, was constituted under the Railways Act, 1921, for dealing with matters connected with railway charges. The expenses of the Tribunal, to the extent that they are not met by fees, are recoverable from the railway companies and the London Passenger Transport Board and appropriated in aid of the Vote.

189. The *Road and Rail Appeal Tribunal* was constituted under the Road and Rail Traffic Act, 1933, to consider appeals from decisions of the Licensing Authorities in connection with the issue of licences under that Act. The expenses of the Tribunal are estimated at 6,100*l.* (Subhead F).

190. Subheads G, H and I of the Estimate make provision for the expenses of maintaining *Holyhead Harbour* and the *Caledonian* and *Crinan Canals* and show a net increase of 1,420*l.* over the provision for 1945. Receipts from rents and dues are brought to account under Appropriations in Aid. The undertakings which are vested in the Minister are not self-supporting; they require annual assistance from the Exchequer. The estimated deficit on Holyhead Harbour amounts to 6,800*l.*, on the Caledonian Canal to 29,200*l.* and on the Crinan Canal to 14,800*l.* Vessels on government service have free passage through the canals.

191. The *Light Railway annuities* provided for under Subhead J are payable to the National Debt Commissioners in respect of advances made to various light railway undertakings under the Light Railways Act, 1896. The payment in 1946 represents the final instalment.

192. The provision of 50,000*l.* under Subhead K is for reimbursement to Railway Companies of expenditure incurred in making payments to certain temporary railway employees who on entry into railway service suffered overlapping payments of tax and who, in consequence of the introduction of the "Pay As You Earn" system of tax collection, were deprived of the compensatory tax holiday which they would otherwise have enjoyed on leaving the railway service. 100,000*l.* was provided for this purpose by Supplementary Estimate in 1945.

\* For Ministry of Transport (War Services) see paragraphs 272 to 284.

193. *Appropriations in Aid* (Subhead Z) amount to 166,000*l.* Of this sum 15,200*l.* compares with 15,980*l.* in 1945 for dues, rents, &c. at Holyhead Harbour and the Caledonian and Crinan Canals ; 70,000*l.* is included in respect of sums recoverable from the Merseyside and Clydeside dock labour management funds, and 40,000*l.* for fees, &c., from driving tests under the Road Traffic Act, 1934.

194. The Estimate for **Roads, &c.** [Vote 14—19,775,000*l.*] shows an increase of 10,600,600*l.* on the provision for 1945.

195. Subhead A provides for a grant in aid of the Road Fund of 14,420,000*l.*, which compares with 8,670,000*l.* for the previous year. The increase is due mainly to (a) intensified maintenance (including the making good of arrears) and improvement work on a greater scale than in 1945 ; (b) unification of, and increase in, grant rates ; (c) the institution of the Class III system of roads and (d) the extension of the trunk road system. The estimated payments out of the Fund are given in detail in Column 4 of the Appendix on page 131 of the Estimate and amount to 15,679,000*l.*, towards which there are available the balance in the Fund at 31 March 1946 (824,000*l.*) and anticipated recoveries and receipts of 435,000*l.* The principal items of expenditure are 7,766,000*l.* in respect of grants to highway authorities (Head A) and 6,530,000*l.* in respect of trunk roads (Head B), the total of which compares with estimated expenditure of 8,741,000*l.* in 1945. Under Heads C and G provision has been made for 100,000*l.* and 410,000*l.*, in respect of expenditure under Section 15 of the Requisitioned Land and War Works Act, 1945, and for Agency Services for other Government Departments respectively, the latter being recoverable. The commitments of the Fund are estimated to amount to 7,996,000*l.* at the beginning of the year (including 1,160,000*l.* in respect of highway authorities' improvement schemes and 1,070,000*l.* for trunk road improvements, already in hand) and 35,166,000*l.* at the end of the year (including 5,795,000*l.* in respect of highway authorities' improvement schemes and 19,110,000*l.* for trunk road improvements).

196. The provision of 4,801,000*l.* under Subhead B is for roads expenditure not charged to the Road Fund, being roads expenditure of an abnormal character arising out of the war, or otherwise outside the scope of the Fund. The provision includes 4,300,000*l.* for the cost of restoration of damage to roads arising out of the war and for payments to be made for abnormal road works executed during the war ; 350,000*l.* for the removal of defence works on highways ; 141,000*l.* in respect of miscellaneous works and services in connection with roads authorised during the war ; and 10,000*l.* for grants under the Distribution of Industry Act, 1945.

197. The provision of 650,000*l.* under Subhead C is made for the reimbursement of the expenses incurred by County and County Borough Councils and certain large Burghs in Scotland in the collection of motor vehicle licence duties, the registration of motor vehicles and the issue of drivers' licences. Proceeds of these duties and licence fees are paid into the Exchequer under Section 33 of the Finance Act, 1936.

198. Section 3 (4) (b) of the Roads Act, 1920, provided that there should be paid out of the Road Fund to every local or police authority such a sum as the Minister, with the approval of the Treasury, might determine to represent the amount which would otherwise have been received by the authority on account of fees or charges for the licensing locally of mechanically propelled hackney carriages. The payments are now related only to fees which would have been received for the licensing of taxi-cabs (Section 89 of the Road Traffic Act, 1930). Under Section 33 (1) (c) of the Finance Act, 1936, these charges are met out of moneys provided by Parliament and for 1946 the sum of 14,000*l.* is provided under Subhead D of this Vote.

199. Appropriations in Aid (Subhead Z.) consist mainly of fines, &c., under the Roads Act, 1920, and the Road Traffic Acts, &c.; the amount of 110,000*l.* is the same as that estimated for 1945.

200. The Estimate for **Mercantile Marine Services [Vote 15—3,862,855*l.*]** shows an increase of 2,350,801*l.* as compared with 1945. The total net increase is accounted for in the main by (a) provision for Special Services for Seamen introduced during the war (3,046,555*l.*) charged in 1945 to the Vote of Credit; (b) larger provision for Surveyors (37,988*l.*); (c) the reinstitution of the North Atlantic Ice Patrol Service (40,000*l.*); (d) provision for the cost of consolidation of war bonus at improved rates, partly offset by the effect of certain reductions in staff; and decreases in respect of (e) Coastguard Service (619,431*l.*); and (f) Relief and Repatriation expenses of British Seamen left abroad (184,000*l.*).

201. The Special Services for Seamen referred to at (a) above include the cost of Merchant Navy Reserve Pools (2,079,000*l.*), which are expected to continue for at least as long as the Essential Works (Merchant Navy) Order, 1941, remains in force; payment of seamen's leave fares (322,000*l.*); grants to, and running costs of, certain Merchant Navy Welfare clubs and hostels (258,000*l.*); payment of detention allowances and war risk money to released Merchant Navy prisoners of war (172,500*l.*); repatriation expenses under certain special schemes (95,500*l.*); compensation for loss of Seamen's wages and effects (61,500*l.*); and expenditure on sea training schools and courses (45,000*l.*). This expenditure is partly offset by receipts from sales at canteens, and fees and charges collected from seamen for accommodation at hostels (estimated at 67,000*l.*) appropriated in aid of the Vote. The extra provision under (b) is mainly for additional staff required for ship reconditioning work; the provision under (c) is for the United Kingdom annual contribution to the cost of the North Atlantic Ice Patrol. The reduction of the provision under (e) is mainly due to the disbanding of the Auxiliary Coastguard Service.

202. The Estimate for the **Ministry of Civil Aviation [Vote 16—22,200,000*l.*]** is the Ministry's first full year's Estimate. The provision for 1945 was in respect of eleven months only from 1 May 1945, the Ministry having come into existence on 25 April 1945 under the Ministry of Civil Aviation Act, 1945. The increase of 15,163,990*l.* is due to the rapid growth of the Ministry's activities. Of the gross Estimate of 31,400,000*l.*, 9,200,000*l.* will be covered by appropriations in aid, of which 8,750,000*l.* arises from the sale and lease of aircraft.

203. The gross expenditure provided for under Subheads A. and B. for *Salaries, &c., Travelling and Incidental Expenses* amounts to 1,040,000*l.*, including 225,000*l.* for estimated additional staff required during the year, and represents an increase of 456,000*l.* as compared with 1945.

204. *Non-technical Supplies and Transportation* (Subhead C.)—The provision of 270,000*l.* for this service in 1946 shows an increase of 200,000*l.*, due to the acquisition of additional airfields.

205. *Equipment, Stores and Ancillary Services* (Subhead D.)—The provision for 1946 is 1,335,000*l.* as against 340,000*l.* for 1945. Of the increase of 995,000*l.*, 140,000*l.* is in respect of additional aircraft for employment on departmental duties, and 505,000*l.* relates to additional radio equipment and installations. Mechanical transport and marine craft account for a further 195,000*l.* of the increase and other ground equipment and stores, 148,000*l.*

206. *Civil Aircraft and Associated Equipment* (Subhead E.)—The provision for 1946 (17,250,000*l.*) shows an increase of 11,555,000*l.* as compared with 1945. This expenditure mainly represents the cost of aircraft and spares purchased by the Ministry of Civil Aviation from the Ministry of Supply,

which cost includes an appropriate share of the research and development expenditure incurred by the Ministry of Supply in connection with the civil aircraft delivered. The aircraft purchased by the Ministry of Civil Aviation are sold or leased to operators and accordingly receipts of 8,750,000*l.* from that source are included in Appropriations in Aid.

207. *Works, Buildings and Lands* (Subhead F.)—Expenditure on these services mainly relates to the construction and acquisition of airports. The provision of 6,380,000*l.* shows an increase of 6,015,000*l.* as compared with 1945, which is due to the Ministry's expanding programme. Provision is made for expenditure of 2,000,000*l.* during 1946 on the development of the airport at Heathrow, the cost of which is provisionally estimated at 16,000,000*l.* exclusive of the cost of land purchase. A sum of 3,000,000*l.* is included for expenditure during 1946 on the purchase of lands and buildings.

208. *Grants toward Ground and Meteorological Services for Empire and other Routes* (Subheads G. and H.)—This provision is in respect of grants towards the cost of construction and maintenance of airfields and ground facilities generally in Empire territories where the local administration is not in a position to bear the full costs, and shows an increase of 540,000*l.* as compared with 1945. This increase is mainly attributable to the general development of Empire routes and the opening of territories formerly occupied by Japan.

209. *Deficiency Grant to British Overseas Airways Corporation* (Subhead J.)—For 1945 token provision only was made for this service, the expenditure in that year being chargeable to the Vote of Credit. For 1946 provision of 4,000,000*l.* is made.

210. *Subsidies and Grants* (Subhead K.)—The provision of 310,000*l.* shows an increase of 263,000*l.* This is due mainly to additional provision for advances of working capital in connection with air transport services on internal and certain overseas routes.

211. *Appropriations in Aid* (Subhead Z.)—These receipts, estimated at 9,200,000*l.*, show an increase of 8,890,000*l.* as compared with 1945. The main item is sale and lease of aircraft at 8,750,000*l.* (100,000*l.* for 1945), the large increase being due to the growth in transactions.

212. The Estimate for **Development Grants [Vote 17—267,000*l.*]** shows a decrease of 158,000*l.* These grants are related to interest charges, for periods not exceeding fifteen years, on loans raised for capital expenditure, and the annual charge diminishes as the various periods applicable to individual grants terminate.

213. The Estimate for the **Department of Scientific and Industrial Research [Vote 18—2,390,934*l.*]** shows an increase of 985,663*l.* The principal factors contributing to this increase are (a) increased annual grants to Research Associations, &c., 237,200*l.*; (b) special non-recurrent grants for capital purposes, 200,000*l.*; (c) increased grants to students, &c. engaged in scientific research, 60,500*l.*; (d) increased cost of existing staff and provision for expansion to meet post-war requirements, 332,500*l.*; (e) reduced receipts, mainly due to decrease in work for Defence Departments on repayment terms, 91,313*l.*

214. The Estimates for **State Management Districts [Vote 19]** and **Clearing Offices [Vote 20]** are both, as usual, for token sums of 100*l.*, the expenditure in each case being covered by receipts, in the first case from trading operations and in the second from commission on transactions dealt with through the clearings.

215. The increase of 578,700*l.* in the Estimate for the **Department of Agriculture for Scotland** [Vote 21—1,634,021*l.*] is attributable mainly to additional provision for (a) salaries and travelling expenses arising out of the extension of existing services and the introduction of new services consequent on the cessation of hostilities (156,228*l.*) ; (b) grants for public works in the congested districts (30,000*l.*) ; (c) grants for agricultural drainage, and expenditure on arterial drainage and water supply schemes previously met from the Vote of Credit (102,620*l.*) ; (d) agricultural education and research (256,333*l.*) ; (e) Agricultural Training Schemes (164,600*l.*) ; (f) operations under the Forestry Act, 1945 (150,000*l.*) ; and (g) Settlement Grants (10,000*l.*).

216. The increased provision under (d) above is for capital and maintenance expenditure at agricultural colleges and research institutes to enable them to extend their work, and to enlarge the field of investigation of agricultural economics ; for the extension of the activities of the Association of Young Farmers' Clubs, the expansion of advisory and local investigation work, the establishment and maintenance of centres for experiments in hill sheep farming, and of stations for testing agricultural machinery, and for horticultural research. Provision under (e) is for a scheme for the further education and training of disabled persons, and for men and women released from war service. Under (f) provision is made for the management of land vested in or acquired by the Secretary of State for Scotland under the Forestry Act, 1945, and not placed at the disposal of the Forestry Commissioners ; and under (g) for grants for resettlement in agriculture or horticulture of men and women released from war service and for the settlement therein of men and women disabled by war service.

217. Appropriations in Aid show an increase of 280,901*l.*, due chiefly to increases in grants from the Development Fund (162,023*l.*) and from the Land Fertility (Research) Fund (2,080*l.*) ; to recoveries in respect of arterial drainage schemes under the Agriculture (Miscellaneous Provisions) Act, 1940, and Defence Regulations 62 and 50, which were previously brought to account under the Vote of Credit (9,500*l.*) ; to contributions from Scottish Milk Marketing Boards towards the cost of investigation into milk production costs (3,193*l.*) ; and to receipts from farmers under the Agricultural Training Schemes (56,000*l.*) and from management and use of land under the Forestry Act, 1945 (44,990*l.*).

218. The Estimate for the **Department of Agriculture for Scotland (Food Production Services)** [Vote 22—4,915,000*l.*] provides for expenditure on certain services the cost of which in 1945 was met from the Vote of Credit, and is generally comparable with the similar Estimate for England and Wales (Vote 9) dealt with in paragraphs 168 to 180 above.

219. The Estimate for **Fisheries, Scotland** [Vote 23—342,750*l.*] shows an increase of 252,318*l.*, due mainly to provision for assistance to fishermen under the Inshore Fishing Industry Act, 1945, the full resumption of peace-time services under marine superintendence and fishery research, and for staff adjustments and consolidation of war bonus at improved rates.

220. The Estimate for the **Herring Industry** [Vote 24—645,190*l.*] shows an increase of 205,190*l.*, due mainly to larger provision for grants to the Herring Industry Board for freezing and other experiments, for advances to the Board for loans for the construction and reconditioning of boats, &c., and for grants to herring fishermen towards the cost of providing boats and equipment.

## CLASS VII

## COMMON SERVICES (WORKS, STATIONERY, &amp;c.)

| 1946                 | 1945       |
|----------------------|------------|
| £                    | £          |
| 83,014,641           | 26,006,053 |
| Increase £57,008,588 |            |

221. **This Class accounts for 4·0 per cent. of the total of Civil Estimates.**

222. The Estimate for the **Ministry of Works [Vote 1—7,179,680%.]** shows an increase of 887,100%. over that for 1945, due principally to provision for additional staff required in connection with the housing programme and the provision of new buildings for reconstruction and resettlement purposes. This is partly offset by an increase in Appropriations in Aid, due mainly to the inclusion of receipts in respect of overhead expenses chargeable in connection with housing services and of agency fees relating to services carried out on behalf of the Defence and Supply Departments, the cost of which in 1945 was borne on the Vote of Credit.

223. The Estimates for **Works Services [Votes 2 to 10 and 15—total 50,088,160%.]** show an aggregate net increase of 40,150,440%. over those for 1945, mainly due to the inclusion of provision for services which in 1945 were borne on the Vote of Credit. A comparison of the aggregate provision in these Estimates under individual heads is not therefore possible.

224. The Estimate for **Houses of Parliament Buildings [Vote 3—502,390%.]** includes sums of 135,000%. in respect of the rebuilding of the House of Commons, 260,000%. for the purchase of a site in Abingdon Street for additional building, and 10,000%. to carry on the work of restoring the stonework. **Osborne [Vote 5—32,765%.]** which, during the war, was used principally as an Emergency Medical Service Hospital, has reverted to a Convalescent Home for Officers of the Navy, Army and Air Force and members of the Government Service, with accommodation for 50 patients. The Estimate for **Public Buildings, Great Britain [Vote 6—43,107,330%.]** covers the bulk of the services, including those provided for in pre-war years in the Votes for Labour and Health Buildings, Great Britain, and Revenue Buildings, which were borne on the Vote of Credit in 1945. The New Works Subhead includes the following items, some of which have been transferred to this Vote from the Vote for Miscellaneous Works Services: provision of accommodation for emergency training of teachers; provision of School Meals Buildings; provision of temporary accommodation in maintained schools (the cost of which is to be recouped to this Vote by annuities provided in Education Votes (Class IV, Votes 1 and 13)); erection of Miners' Hostels; provision of Training Centres for the Ministry of Labour and National Service; erection, &c., of Hospitals for the Ministries of Health and Pensions; erection of Standard Factories; erection of Temporary Office Buildings; extensions to Prisoners of War Camps; extension of Moss Side State Institution; erection of new Government Offices in Whitehall Gardens and Whitehall Place; and erection of new Public Offices at Glasgow.

225. The New Works Subhead of the Estimate for **Public Buildings Overseas [Vote 7—612,720%.]** includes provision for the acquisition of a site and the erection of an Office Building at Athens; the acquisition of a site and the erection of a new Embassy Residence at Bogota; the acquisition and adaptation of new Embassy Offices at Brussels; the acquisition and adaptation of a new Embassy Residence at Buenos Aires; the erection of a new Embassy Residence

at Rio de Janeiro and the erection of new Embassy Offices at Rome. The Estimate for **Miscellaneous Works Services [Vote 10—4,232,610%]** includes provision of 1,000,000% for experimental and demonstration building and for certain items which in 1945 and previous war years were borne on the Vote of Credit. 1,750% is provided in this Estimate in respect of a grant in aid to the Building Apprenticeship and Training Council Welfare Fund and a grant in aid of 2,000% for the purpose of purchasing exhibits for the Tower of London Armouries has been included under Subhead C.

226. The Estimate for **Rates on Government Property [Vote 11—10,017,695%]** shows an increase of 5,190,553%, due to the inclusion of provision for the increased expenditure resulting from war conditions, which in 1945 was met from the Vote of Credit.

227. The Estimate for **Stationery and Printing [Vote 12—13,085,806%]** shows an increase of 8,149,195%, provision having been made for the whole requirements of the public service. In 1945 and the earlier war years provision in this Estimate for supplies and services to the Defence Departments and the Ministry of Home Security was limited to that included in the 1939 Estimate. Expenditure in excess of that provision, together with expenditure for other specific war services, was charged to the appropriate subheads of this Vote, but in so far as this involved excess expenditure on the Vote as a whole, was met by allocations from the Vote of Credit. Provision has been made for printing one register of electors only as against two registers in 1945.

228. The Estimate for the **Central Office of Information [Vote 13—2,631,300%]** is the first to be presented in respect of this new Department, to be set up on 1 April 1946 as part of the general reorganisation of the Government information services following the dissolution of the Ministry of Information.

229. The Department performs common technical and production functions, and gives specialised assistance and advice to other Departments; for both home and overseas publicity purposes. Details of some of its principal functions are given below:—

- (a) To act as the central Government agency for the preparation of publicity material required by Departments, such as films, press and poster advertising, books and exhibitions; to maintain liaison with Departments on their publicity requirements; and to provide technical advice and assistance, both at home and overseas.
- (b) To undertake publicity as required on home matters of inter-departmental scope.
- (c) To provide a daily service of comment and background information for the use of Press Offices and other British representatives overseas.
- (d) To provide a regional publicity organisation in this country for the use of Departments requiring such services.
- (e) To provide the machinery in this country for the central issue of Government news.

The Department will undertake certain of the above services on behalf of the British Council, recovering from the Council the expenditure incurred.

230. The net total of the Estimate is considerably less than the expenditure incurred from the Vote of Credit by the Ministry of Information in 1945, but the reduction is largely offset by the provision in Votes for other Departments (notably Class II, Votes 1 and 2, for the Foreign Office and the Diplomatic and Consular Services respectively) in respect of functions of the Ministry of Information transferred to those Departments.

## CLASS VIII

## NON-EFFECTIVE CHARGES (PENSIONS)

| 1946                 | 1945       |
|----------------------|------------|
| £                    | £          |
| 107,433,465          | 41,649,565 |
| Increase £65,783,900 |            |

231. This Class accounts for 5·1 per cent. of the total of Civil Estimates.

232. The Estimate for **Merchant Seamen's War Pensions [Vote 1—256,465£.]** shows a decrease of 45,100£. as compared with 1945. This Vote covers only pensions arising out of service in the war of 1914–18, and the reduction follows the automatic decline in the number of beneficiaries. Pensions to merchant seamen in respect of service in the war of 1939–45 are charged to the Vote for the Ministry of Pensions.

The salaries and other expenses of the staff engaged on the Headquarters administration of this service are now borne on the Ministry of Transport Vote (Class VI, 13).

233. The Estimate for the **Ministry of Pensions [Vote 2—101,747,000£.]** shows an increase of 65,319,000£. This increase is due mainly to the inclusion of provision for expenditure in connection with the war of 1939–45, which has hitherto been met by an allocation from the Vote of Credit.

234. The Ministry is responsible for the administration of pensions of both the war of 1914–18 and the war of 1939–45 (including in the latter case civilian and mercantile marine pensions). In addition, the Ministry administers war service grants payable to or in respect of members of the Forces, &c. It also assesses and pays on behalf of the Ministry of War Transport detention allowances based on the wages of detained mariners. Administration charges, which cover the cost of administering all these services, show an increase of 1,247,000£., due mainly to the larger staff required to meet the growing commitments of the Department.

235. The increases of 3,201,500£. and 35,500£. respectively in the cost of Medical Services and Funeral Grants are due to the inclusion for the first time of provision for the cost of these services arising from the war of 1939–45. Hitherto, provision for these services has been limited to that included in the 1939 Estimate in respect of the war of 1914–18, and the excess expenditure has been met by an allocation from the Vote of Credit.

236. The cost of pensions and allowances for the war of 1914–18 shows an increase of 3,223,700£. whereas normally there would be a decline in expenditure by reason of the reduction in the number of beneficiaries. This increase is due to the additional provision necessary to meet the cost of the improvements in war pensions, including the introduction of new classes of beneficiaries (*see* Cmd. 6714).

237. A sum of 57,650,000£. is provided for pensions and allowances in respect of the war of 1939–45. Expenditure on these pensions, &c., in 1945 was met by an allocation from the Vote of Credit.

238. The Estimate for **Royal Irish Constabulary Pensions, &c. [Vote 3—1,230,000£.]** shows a decrease of 40,000£. as a consequence of the gradual reduction in the number of pensioners.

239. **Superannuation and Retired Allowances [Vote 4—4,200,000ℓ].**—This Estimate, which shows an increase of 550,000ℓ., consists in the main of provision for pensions and allowances granted on the retirement, death or injury of civil servants, excluding those of the Revenue and Defence Departments. In addition to a normal increase of about 100,000ℓ. commensurate with the growth of the Civil Service at an earlier period, the present Estimate provides for a further increase of 100,000ℓ. in expenditure as a result of the resumption of pensions suspended on re-employment and of 70,000ℓ. in respect of gratuities to unestablished officers discharged from the Royal Ordnance Factories. The provision also includes a sum of 254,000ℓ. in respect of workmen's compensation payable to employees of the Ministry of Supply—mainly in the Royal Ordnance Factories—for which service no provision was made in the Estimate for the previous year, such expenditure then being chargeable, so far as necessary, to the Vote of Credit. A sum of 30,000ℓ. has also been provided for additional expenditure as a result of the increase and consolidation of war bonus.

## CLASS IX

## EXCHEQUER CONTRIBUTIONS TO LOCAL REVENUES

| 1946                | 1945            |
|---------------------|-----------------|
| £<br>65,264,896     | £<br>62,918,692 |
| Increase £2,346,204 |                 |

240. **This Class accounts for 3·1 per cent. of the total of Civil Estimates.**

241. The Estimate for **Exchequer Contributions to Local Revenues, England and Wales [Vote 1—57,020,000ℓ.]** is 2,002,000ℓ. higher than the total sum voted for 1945. It contains provision for the annual Exchequer Grants to Local Revenues payable under the Local Government Acts, 1929 to 1946.

242. By the terms of the Acts, amounts are in each year to be provided by Parliament under four heads, viz.: (i) a "General Exchequer Contribution" to be apportioned among individual local authorities on bases prescribed in the Acts; (ii) and (iii) "Additional Exchequer Grants" and "Supplementary Exchequer Grants", these two being the grants required to give effect to guarantees which involve the payment to certain local authorities of amounts in excess of their apportioned shares of the General Exchequer Contribution; and (iv) for each of the years 1945, 1946 and 1947, an "Interim Supplementary Exchequer Contribution".

243. The amount of the General Exchequer Contribution was fixed by the Act of 1937 at 46,172,000ℓ. for each year of the third fixed grant period, which began in 1937 and would have terminated in 1942 but for its extension by the Act of 1941 until a date, to be determined by Parliament, after the end of the war. As a result of this extension of the third fixed grant period the General Exchequer Contribution is at the present time less than it would have been if, as provided in the Act of 1929, the fourth fixed grant period had begun in 1942.

244. The Act of 1946 provides for the payment of Interim Supplementary Exchequer Contributions of 10,000,000ℓ., 11,000,000ℓ. and 12,000,000ℓ. for the years 1945, 1946 and 1947 respectively and for the apportionment of these sums among local authorities on bases laid down in the Act.

245. The Estimate for **Exchequer Contributions to Local Revenues, Scotland [Vote 2—8,244,896ℓ.]** shows an increase of 344,204ℓ., due, as in the case of the previous Vote, to the increased amount payable to local authorities by way of Additional Exchequer Contribution.

# CLASS X

## SUPPLY, FOOD AND MISCELLANEOUS SERVICES

| 1946                    | 1945    |
|-------------------------|---------|
| £                       | £       |
| 1,085,615,865           | 202,090 |
| Increase £1,085,413,775 |         |

246. **This Class accounts for 51·9 per cent. of the total of Civil Estimates** Of the amount of 202,090£. shown above as the provision for these services in 1945, 200,000£. represents the cost of a service administered by the Board of Trade in that year but transferred to the Ministry of Supply for 1946, and the balance of 2,090£. represents purely token provision (100£. in each case) for services of which the cost in 1945 was effectively met from the Vote of Credit.

247. The Estimate for the **Ministry of Supply [Vote 1—474,000,000£.]** includes 61,000,000£. for the production of aircraft and aircraft supplies in Subhead D and 18,760,000£. for the development of aircraft in Subhead B, while in respect of munitions, clothing and general stores, including such work done by the Royal Ordnance Factories, the total provision is 120,000,000£. for production, under Subheads C, E and F. In addition, provision of 257,500,000£. over the various subheads is made to cover terminal charges. 99,000,000£. is included in Subheads C to H for production for civil purposes, which sum includes 43,500,000£. for housing and housing fitments, 14,000,000£. for civil aircraft and 41,500,000£. for supplies to other users of vehicles, clothing, railway materials and certain raw materials. The cost of all such services is recoverable. The total provision for Works Services amounts to 5,951,200£., divided between Subheads B, 4,980,000£.; C, 398,000£.; N, 30,000£.; and O, 543,200£.

248. The total *Headquarters Staff* of the Ministry on 1 April 1946 provided for in Subhead A will be approximately 22,650, and is expected to fall to 18,250 by 1 October 1946 and to 9,650 by 31 March 1947. The non-industrial staff employed at *Research and Development* establishments provided for in Subhead B will be 9,280 on 1 April 1946 and it is anticipated that this number will be reduced to 6,490 by 1 October 1946 and to 5,800 by 31 March 1947. Provision is also made in Subhead B for the supply of plant, equipment and stores for the Ministry's Research establishments and for capital projects in respect of research and development at contractors' works.

249. Subhead C provides for the cost of *Royal Ordnance Factories* retained in operation for production of supplies for the Defence Services, and of housing components and other civil requirements. The cost of the civil production is recovered from the users.

250. Provision is made in Subhead D for the production of *Aircraft and Aircraft Supplies* for the Royal Air Force and the Royal Navy, and of civil aircraft, the cost of the latter being recoverable.

251. Subhead E provides for the production of *Armaments, Vehicles, &c.*, for the Army, the Royal Navy and the Royal Air Force, to cover requirements based on programmes put forward by the Defence Departments. It also includes provision for supplies to U.N.R.R.A. and other civil users for which recovery will be made.

252. Provision is made in Subhead F for production of *Clothing and General Stores* for the Army and the Royal Air Force, including demobilisation clothing to meet the requirements of all the Services; provision is also made for supplies for civil Departments, the cost of which is recovered from the users.

253. *Prefabricated Houses and Housing Components.* Subhead G provides for the cost of fabrication and erection of aluminium houses and for the production of components for other housing schemes. The cost of these services is recoverable from the Housing Fund.

254. The provision for *Assistance to Industry* (Subhead I) arises out of war-time conditions when special steps were necessary to make available supplies from uneconomic sources. Payments to the iron and steel industry include 5,000,000*l.* to meet abnormal freight on imported ore and 1,000,000*l.* to meet excess costs of production and transport of certain home-produced ore. Provision for non-ferrous metals includes 225,000*l.* in respect of zinc smelting, principally to cover the excess cost of freight on imported concentrates. Magnesium and aluminium have been sold during the war at fixed prices and provision is made to meet the losses involved in the sale of home-produced magnesium (67,000*l.*) and aluminium (1,125,000*l.*) at the controlled prices.

255. *Trading Services.* Provision is made under Subhead J for the continuance of certain trading activities of the Department. The excess of expenditure on iron and steel is accounted for mainly by payments to manufacturers for deferred repairs not included in prices (5,000,000*l.*) and the excess cost of imported steel over the home selling price (7,500,000*l.*). Provision is made to cover continued Government purchase and distribution of non-ferrous metals. Selling prices are fixed to cover current replacement costs and result in a net credit of 3,510,000*l.* Similar arrangements are provided for in the case of abrasives and refractories, which show a net credit of 3,000,000*l.* The machine tool control has now ceased trading and the provision made covers receipts and payments in the winding up of the control, resulting in a net credit of 3,675,000*l.* The provision for aluminium excludes the loss on home-produced aluminium, for which provision is made in Subhead I. Selling prices will be related to replacement cost. The net credit of 965,000*l.* represents in part a reduction of stocks.

256. Provision is made under Subhead K for the payment, under the *Compensation (Defence Act), 1939*, of compensation rents in respect of requisitioned premises and for compensation payments on derequisitioning; and under Subhead L for the purchase of land, under the *Requisitioned Land and War Works Act, 1945*, in order to safeguard the Department's interests in buildings erected on requisitioned land. Subhead M provides for *Capital Expenditure* on assisted schemes, including agency factories, and to a large extent represents the discharge of liabilities already incurred.

257. The staff employed on *Inspection* duties, provided for in Subhead N, on 1 April 1946 will be approximately 4,660. It is expected to fall to 3,250 by 1 October 1946 and to 1,940 by 31 March 1947. Payments to outside inspectors are made to cover specialist inspection services, e.g. locomotives.

258. The salaried staff employed on *Storage, Maintenance and Disposal* will be approximately 4,500 on 1 April 1946 falling to 4,000 by 1 October 1946 and to 3,200 by 31 March 1947. The industrial staff employed is engaged primarily on the storage, breaking down, and safeguarding of surplus stores intended for disposal. The bulk of the expenditure provided in the subhead is concerned with disposal activities. The receipts from disposals are brought to account as Exchequer Extra Receipts.

259. Provision is made under Subhead P for *Transport Charges* in respect of stores procured by the Department. It includes 2,000,000*l.*, in respect of the transport of aluminium house sections from fabricators to site, which is recoverable. Subhead Q includes provision of 1,780,000*l.* for travelling and subsistence and 1,500,000*l.* for Customs duties on imported materials.

260. **Ministry of Food [Vote 2—248,337,740l.]**. The provision of 11,322,400l. under Subhead A—*Salaries, &c.*—is made on the assumption that the functions of the Ministry of Food in 1946 in relation to control, rationing, &c., will necessitate maintaining the staff at substantially the same level as in 1945. The Headquarters staff (3,085,400l.) comprises the staff at the Ministry's offices in London, Colwyn Bay, Oxford, Stanmore and Thames Ditton and out-stationed Headquarters staff, including the British Food Mission for North America. The provision for Divisional and Local Food Offices staff (8,239,000l.) covers the requirements of 20 Divisional Offices and some 1,460 Local Food Control Committees in Great Britain and Northern Ireland. The Local Food Offices, in addition to the purely food office work, also carry out duties in connection with national registration under the National Registration Act, 1939.

261. The sum of 805,000l. provided under Subhead B—*Travelling and Incidental Expenses*—covers both Headquarters and Divisional and Local Food Offices requirements. The figure of 97,000l. for postage represents the estimated cost of postage at Divisional and Local Food Offices for which the use of official paid stationery is not appropriate. To assist the Ministry in arriving at decisions on matters affecting food policy certain surveys, representing house to house enquiries of a representative section of the community, are carried out by expert outside bodies. For this purpose a sum of 117,000l. is included in this subhead.

262. Under Subhead C—*Law Charges*—20,000l. is provided for the costs in connection with prosecutions instituted by the Ministry for offences under the food control regulations. The expenses of the Treasury Solicitor, and of the prosecutions which he conducts, are not included. As an offset to the expenditure under this subhead 12,000l. is included under Appropriations in Aid in respect of costs recovered.

263. The bulk of the provision of 600,000l. under Subhead D—*Advertising and Publicity*—is required for advertisements in the national, provincial and local press and popular magazines, designed to give help and advice on how to make the best use of the available foods, and for administrative announcements on such matters as changes in rationing arrangements, points changes, ration book distribution, &c. Other forms of publicity include cinema trailer films, shop window displays, food advice service, speakers, &c.

264. Subhead E—*Payments to British Sugar Corporation, Ltd.*—2,500,000l. Since 1 April 1940 the payment to the Corporation for each year has consisted of (a) a sum equal to the loss properly incurred by the Corporation on revenue account as determined by the Minister of Food with the concurrence of the Treasury, after allowing for interest at such a rate as the Treasury considered reasonable on the issued ordinary share capital of the Corporation, and (b) an agreed proportion of any savings in the cost of assistance attributable to economies effected by the Corporation.

265. A sum of 186,340l. is provided under Subhead F as the United Kingdom contribution to the general expenses of the *Food and Agriculture Organisation of the United Nations* for its second financial year. The permanent Organisation was constituted on 16 October 1945 with 43 adherent nations, and the United Kingdom's share of the general expenses has been provisionally fixed at 15 per cent. The expenditure of the Organisation over the first five years following the year of constitution is estimated to average \$5,000,000 a year, and provision has accordingly been made for the payment in 1946 of the equivalent of 15 per cent. of this sum, viz., 186,340l.

266. The sum of 845,000l. provided under Subhead G—*War-time Meals*—is mainly for the purpose of meeting commitments already incurred in connection with British Restaurants, Emergency Cooking Depots and Feeding Centres

and other war-time feeding services. As an offset to the expenditure under this subhead a sum of 320,000*l.* is included under Appropriations in Aid in respect of receipts from local authorities on account of amortisation of capital expenditure and of profits on British Restaurants.

267. Subhead H covers the Ministry's *Trading Services*. The total payments in respect of purchases of foodstuffs, freight, storage, &c., are estimated at 1,248,500,000*l.*, against which receipts from sales are estimated at 1,016,000,000*l.*, leaving a balance of 232,500,000*l.* to be provided from the Vote. This cash deficiency is related to an estimated trading loss of 301,000,000*l.* after allowing for net liquidation of stocks during the year, notional charges not paid for in cash, interest, overheads, &c., and represents the cost to the Ministry of Food of implementing the cost of living stabilisation policy. (As explained on page 32 of the Estimate, further expenditure in this connection is borne on the Votes of the Agriculture Departments and the Board of Trade.)

268. The principal foodstuffs which are subsidised by the Ministry bearing part of the cost are shown separately, and these include bacon and ham, flour, bread, oatmeal, cereal feeding stuffs, eggs and egg products, meat, milk, butter, cheese, potatoes, sugar and tea. In three cases (bacon and ham, meat, and tea) the estimate provides for a substantial excess of receipts over payments although the commodities are subsidised; this results from a reduction of stocks over the year and from notional charges not paid for in cash.

269. The figure described as "Milk, including Milk Welfare Schemes" includes 15,300,000*l.* in respect of the National Milk Scheme and 5,500,000*l.* in respect of the Milk-in-Schools Scheme. The item described as "Transport, Warehousing and Ancillary Services" (17,700,000*l.*) represents the cost of services of this nature in connection with the various commodities handled by the Ministry and is consequently an addition to the cost of subsidising the commodities concerned.

270. The contribution towards New Zealand subsidies represents the annual payment to the Government of New Zealand to provide part of the cost of subsidies to producers incurred by that Government in order to reduce the prices at which such foodstuffs as meat, butter and cheese can be purchased by the Ministry of Food from New Zealand.

271. The item described as "Miscellaneous" includes the sum of lesser subsidies on dried fruits, cooking fat, margarine, starch, canned fish, animal feeding stuffs, &c. It also includes the cost of providing orange juice and vitamins for children and expectant mothers. There are small surpluses on canned and fresh fruit, vegetables, coffee and cocoa and these have been applied in reduction of this item.

272. The Estimate for the **Ministry of Transport (War Services) [Vote 3—117,475,000*l.*]** is divided into two main groups, one covering Shipping services and the other various forms of Inland Transport services arising out of the war, the cost of which in 1945 was met from the Vote of Credit. It excludes salaries and other administration expenses of the Ministry of Transport, which are provided for under Class VI, 13. The principal items in the first group are as follows:—

273. *Purchase and Building of Ships* (Subhead A—8,750,000*l.*). This provision is made to meet payments for acquisition of vessels mainly for use as troopers; acquisition of damaged vessels in lieu of reconditioning and other liabilities; possible payment to the Prize Court in respect of Prize vessels which have been allocated to the Ministry; and cost of large vessels taken over in course of construction; also for belated payments in respect of construction of small craft for Ministry account at centres abroad.

274. *Hire and Operation of Ships* (Subhead B, 125,000,000*l.*). Provision is made for the hire of the large fleet needed for trooping and other military requirements, most of which will be chartered under various forms of Charter Party; for the hire, pending redelivery, of ships engaged on commercial services; for the settlement of payments in arrear in respect of past employment of foreign vessels; organisation expenses on British liners, and various other differentials on hire payments. This subhead also makes provision for the cost of ship operation (including running expenses of the fleet); reconditioning settlements on the redelivery of British and Foreign troop ships; repairs to Government-owned vessels and repair liabilities on redelivered private ships. Provision is also made to meet management and superintendence fees and miscellaneous payments arising out of ship operation.

275. *Compensation for loss of Vessels and War Risk Insurance* (Subhead C, 5,000,000*l.*) provides for compensation payable to owners of vessels lost on bareboat charter; foreign Governments' claims in respect of past losses; payments to the Prize Court in respect of Prize vessels lost; and the payment of War Risk Insurance premiums on gross chartered vessels operated on Ministry account.

276. *Tonnage Replacement Schemes* (Subhead D, 15,000,000*l.*) provides for payments to British owners (on replacement of lost vessels) of sums deposited in the Government Tonnage Replacement Account; and for withdrawals from the Fishing Vessels (Deferred Payments) Account when a scheme for the restoration and development of the fishing industry has been formulated.

277. *Bunkering and other Ancillary Schemes* (Subhead E, 1,700,000*l.*). Provision is made to meet expenditure arising out of the various Ministry-operated bunkering, stevedoring and storing schemes, most of which are scheduled for liquidation during the year.

278. *Purchase of Sea Transport Stores* (Subhead F, 3,300,000*l.*). This provision is to cover the cost of purchase of military sea transport stores, including life jackets; also for the handling, transport, storage, repair, &c., of stores at Ministry depots.

279. In the "Inland Transport" group the principal items are:—*Control of Railways* (Subhead J, 43,500,000*l.*). This provision is made to cover the fixed annual sums payable to the controlled companies under the Railway Control Agreement; the receipts (also estimated at 43,500,000*l.*) will be appropriated in aid of this Vote.

280. *Works, Equipment, &c.* (Subhead K, 8,459,000*l.*) includes 3,000,000*l.* to meet payments to railway companies in respect of the cost of construction of loops, sidings, marshalling yards, &c.; and 5,000,000*l.* to cover the cost of construction of railway wagons. These works and equipment remain the property of the Government; when brought into use the companies will pay a rent which will be appropriated in aid of this Vote. Provision is also made for operational expenses at Inland Sorting depots and Port Emergency warehouses, the receipts from which are also appropriated in aid of the Vote. The subhead also includes provision to cover payments to dock authorities of 50 per cent. of their irrecoverable costs in raising wrecks.

281. *Road Haulage* (Subhead L, 18,145,000*l.*). The provision under this subhead is for the period to August 1946, when the existing arrangements for the Road Haulage Organisation are due to expire. A sum of 18,000,000*l.* is provided to cover all payments to operators of goods transport vehicles for the hire and use of vehicles and facilities provided for the Organisation.

282. *Removal of Defence Works* (Subhead N, 185,000*l.*). This provision is made to meet the estimated cost of removal of defence works from railways, canals, docks and harbours, for which the Ministry is responsible under Section 52 of the Requisitioned Land and War Works Act, 1945.

283. *Appropriations in Aid* are similarly grouped under "Shipping" and "Inland Transport". The principal items of receipts in the Shipping group are (a) remittances from Accounting Companies, Managers, &c., in respect (mainly) of freight and passage earnings, return of working funds, and recoveries from third parties, &c., arising out of the operation of ships (52,000,000*l.*); (b) Dominion trooping contributions, earnings of troop ships from other Governments, subcharter hire and other earnings in respect of ship operation (8,000,000*l.*); (c) receipts from Ministry-operated bunkering and stevedoring schemes in course of winding up (2,000,000*l.*); and (d) recoveries from foreign Governments in respect of damage claims arising from war-time events, and other miscellaneous receipts (2,000,000*l.*).

284. The principal items of receipts in the "Inland Transport" group are (a) the net receipts from the working of the controlled undertakings under the Railway Control Agreement (43,500,000*l.*); (b) receipts from "controlled" and other commercial traffic carried by the Road Haulage Organisation (4,700,000*l.*); and (c) rents in respect of railway works and equipment (1,000,000*l.*) and receipts from Inland Sorting depots and Port Emergency warehouses (210,000*l.*).

285. The Estimate for the **Ministry of Fuel and Power (War Services) [Vote 4—15,300,000*l.*]** provides for the net costs, other than administrative costs provided for under Class VI, 6, of continuing expenditure on services arising out of the war. The gross cost of these services is estimated at 41,300,000*l.*, against which it is anticipated that receipts of 26,000,000*l.* will be appropriated in aid.

286. Of the gross expenditure of 41,300,000*l.* some 33,825,000*l.* (Subheads A to D and H) is in respect of services connected with the supply and distribution of coal. Of this amount, 27,000,000*l.* (which includes expenditure on capital assets and the purchase of essential stores) is for the production and marketing of opencast coal and coal briquettes in supplementation of deep mined supplies, while 6,825,000*l.* is to meet the cost of measures necessary to secure an equitable distribution of available supplies or to reduce consumption. Against this, receipts from all sources relating to these activities are expected to realise 24,450,000*l.* during the year.

287. The provision under Subhead E of loans to meet current deficiencies on the Coal Charges Account is almost wholly for the purpose of financing schemes for the increased mechanisation of coal mines.

288. The provision of 3,275,000*l.* under Subhead F is mainly to meet outstanding war-time commitments in respect of schemes for the movement and storage of oil for essential purposes at home and abroad, or for its denial to the enemy, and for increasing the supply of crude oil from sterling sources to British refineries. Receipts, totalling 1,450,000*l.*, relating to oil schemes are included in Appropriations in Aid.

289. The payments under Subhead I in respect of Reciprocal Aid and Lend-Lease arrangements are to meet definite obligations incurred before the end of the war, not taken into account in the lend-lease settlement with the United States of America.

290. The Estimate for **Home Office (War Services) [Vote 5—31,639,765*l.*]** provides for expenditure previously met from the Vote of Credit. The net expenditure for Civil Defence Services amounts to 17,683,315*l.* (18,128,315*l.* less receipts 445,000*l.*) and for the National Fire Service (England and Wales) to 13,890,000*l.* (16,290,000*l.* less receipts 2,400,000*l.*).

291. The Estimate for the **Control Office for Germany and Austria [Vote 6—80,554,310*l.*]** makes provision for the salaries and expenses of the Control Office, the Control Commission for Germany and the Control Commission for Austria, with the exception of:—

1. Pay, &c., of military personnel of the Commissions borne on Defence Votes; and
2. The cost of stores, labour and accommodation obtained locally by requisition, which is met directly from German and Austrian funds.

292. The largest item in the Estimate is provision for imports into the British Zone of occupation in Germany to meet the essential needs of the civilian population (100,000,000%). The cost of such imports, together with certain other costs of occupation, is recoverable, to the extent that they suffice, from the proceeds of exports in the current and future years, the amounts recovered being appropriated in aid of the Vote. Token provision only is made for essential civilian imports into Austria as it is anticipated that essential requirements will be covered by the U.N.R.R.A. programme.

293. The Estimate for the **United Nations Relief and Rehabilitation Administration [Vote 7—90,000,000%]** provides for the contribution of supplies and cash which His Majesty's Government in the United Kingdom expects to make during the year 1946, in addition to the contribution made from the Vote of Credit in 1945.

294. The Estimate for **Advances to Allies, &c. [Vote 8—20,000,000%]** provides for expenditure under certain financial agreements with Allied, &c., Governments.

295. The Estimate for the **War Damage Commission [Vote 9—1,333,500%]** provides for the salaries and administrative expenses involved in the examination and assessment of claims under Part I of the War Damage Act, 1943, for war damage to Land and Buildings. Under the provisions of Clause 2 of the Miscellaneous Financial Provisions Bill, before Parliament at the time of the presentation of the Estimates, expenditure on payment of claims, apart from administration expenses, will be a direct charge on the Consolidated Fund. The Estimate includes the sum of 100,000% in respect of the employment, on a fee basis, of professional firms in private practice to assist in the technical work of the Commission.

296. **War Service Grants [Vote 10—5,725,000%]**. The Ministry of Pensions has, during the war of 1939–45, been responsible for administering this service, the expenditure on allowances and grants having been met from the Vote of Credit. The administration charges in connection therewith continue to be borne on the Ministry's Vote (Class VIII, 2).

297. The Estimate for the **Scottish Home Department (War Services) [Vote 11—1,250,550%]** provides for continuing expenditure on certain war services administered by the Scottish Home Department, the principal item being the cost of the National Fire Service, Scotland.

### III.—REVENUE DEPARTMENTS

#### (A) CUSTOMS AND EXCISE AND INLAND REVENUE

| 1946                | 1945            |
|---------------------|-----------------|
| £<br>25,073,020     | £<br>21,212,390 |
| Increase £3,860,630 |                 |

298. The net Estimate for **Customs and Excise [Vote 1—8,812,400%]** is 2,242,800% greater than in 1945. The main factor in the increase is the provision for meeting the cost of various remissions of duty arising out of the war (Subhead N, 1,750,000%), which in previous years was met from the Vote of Credit.

299. The higher provision for Salaries, &c. (Subheads A and G, 383,400*l.*), is accounted for by increased war bonus rates on consolidation (381,200*l.*), establishment changes and expansion of staff necessary to meet trade revival (156,200*l.*), smaller savings by retirements (35,000*l.*) and increased extra attendance (11,000*l.*); offset by a deduction for saving on salaries of staff serving with the Forces (200,000*l.*). The higher provision for Superannuation (Subhead M, 58,000*l.*) is due to the anticipated final retirement of re-employed officials (86,000*l.*) offset by savings on gratuities due to fewer normal retirements (28,000*l.*); and that for Vessels and Boats (Subhead E, 39,500*l.*) is due to necessary replacements of old launches and the purchase of a trawler for patrol work. Apart from an increase for Travelling and Subsistence Allowances, &c., (Subhead B, 12,000*l.*) the remaining subheads show only minor differences.

300. The Estimate for the **Inland Revenue [Vote 2—16,260,620*l.*]** is 1,617,830*l.* greater than in 1945. The increase is due mainly to (1) consolidation of war bonus at increased rates (1,111,900*l.*), (2) increments, improved scales of pay, allowances and national insurance (290,700*l.*), (3) increase of staff (150,700*l.*), (4) increase in the provision for superannuation (113,500*l.*) and lodging allowances, &c. (34,700*l.*); offset by (a) an anticipated saving on salaries of staff serving with the Forces (75,000*l.*) and (b) an expected increase in the receipt of Appropriations in Aid (8,700*l.*).

## (B) POST OFFICE

| 1946                        | 1945        |
|-----------------------------|-------------|
| <i>£</i>                    | <i>£</i>    |
| 131,420,000                 | 124,260,000 |
| Increase <i>£</i> 7,160,000 |             |

301. The net increase of 7,160,000*l.* in the Estimate for the **Post Office [Vote 3—131,420,000*l.*]** is made up as follows:—

|                                                                                                               | <i>£</i>     | <i>£</i>  |
|---------------------------------------------------------------------------------------------------------------|--------------|-----------|
| <i>Increases:—</i>                                                                                            |              |           |
| (a) Increased provision for salaries, wages, &c.,<br>(Subheads A and I.1) due to:                             |              |           |
| (i) Higher war bonus costs, including<br>consolidation .. .. .                                                | 4,528,000    |           |
| (ii) Net increase in basic staff costs to cover<br>demobilisation and traffic, &c., re-<br>quirements .. .. . | 4,193,000    |           |
| (iii) Provision for staff reorganisation ..                                                                   | 2,853,000    |           |
| (iv) Net cost of increments over savings by<br>retirements .. .. .                                            | 726,000      |           |
|                                                                                                               | <hr/>        |           |
|                                                                                                               | 12,300,000 . |           |
| offset by:                                                                                                    |              |           |
| (v) Reduction in basic provision for mobi-<br>lised staff .. .. .                                             | 9,943,000    |           |
|                                                                                                               | <hr/>        |           |
|                                                                                                               |              | 2,357,000 |

|                                                                                                                                                                           |           |            |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|------------|
| (b) Increased provision for rent, &c., (Subhead C) including additional accommodation and extended programme of maintenance work and structural alterations .. .. .       | £         | £          |
|                                                                                                                                                                           |           | 243,000    |
| (c) Increased provision for incidental expenditure (Subhead F) mainly in connection with staff training schemes .. .. .                                                   |           | 167,000    |
| (d) Increased provision for postal and general stores and motor vehicles (Subhead G) due to :                                                                             |           |            |
| (i) requirements of general stores, &c., including purchases for other Government Departments (Subhead G.1) ..                                                            | 132,000   |            |
| (ii) requirements of uniform clothing in anticipation of general issue of uniforms in 1947 (Subhead G.2) ..                                                               | 273,000   |            |
| (iii) increased expenditure on motor vehicles on account of additional requirements, 1,197,000£., and resumption of payment for vehicles, 971,000£. (Subhead G.4) .. .. . | 2,168,000 |            |
|                                                                                                                                                                           | <hr/>     | 2,573,000  |
| (e) Increased provision for Engineering Stores (Subhead K) due to :                                                                                                       |           |            |
| (i) deliveries of stores ordered for war services on contracts terminated under break clauses .. .. .                                                                     | 2,000,000 |            |
| (ii) higher issues to Vote works .. ..                                                                                                                                    | 1,700,000 |            |
| (iii) purchases of stores for other Departments .. .. .                                                                                                                   | 1,200,000 |            |
|                                                                                                                                                                           | <hr/>     | 4,900,000  |
| offset by :                                                                                                                                                               |           |            |
| (iv) decrease in stocks .. .. .                                                                                                                                           | 900,000   |            |
|                                                                                                                                                                           | <hr/>     | 4,000,000  |
| (f) Increased provision for Engineering Contract work (Subhead L.3) due to cost falling in 1946 of war services commenced in 1945 .. ..                                   |           | 440,000    |
| (g) Increased provision for Superannuation, &c. (Subhead N) .. .. .                                                                                                       |           | 1,050,000  |
| (h) Net increase arising from minor variations in other subheads .. .. .                                                                                                  |           | 162,000    |
|                                                                                                                                                                           |           | <hr/>      |
|                                                                                                                                                                           |           | 10,992,000 |
| <i>Decreases :—</i>                                                                                                                                                       |           |            |
| (j) Reduced provision for annuities commencing in relation to annuities ceasing (Subhead M) ..                                                                            | 578,000   |            |

\* See Appendix, page 86.

† The Prime Minister and First Lord and the Chancellor of the Exchequer have furnished official residences with free fuel and light up to a maximum of 200l. in each case.

‡ The Permanent Secretary is, for the time being, Secretary to the Cabinet, and is also Auditor of the Civil List without extra remuneration.

§ Third Secretaries were formerly styled Under Secretaries (2,200l.) and the five Under Secretaries provided for were formerly Principal Assistant Secretaries. One Third Secretary and one Assistant Secretary act as Treasury Officers of Accounts.

§ Under the Regulations for Open Competitions and the General Regulations made under the Order in Council of 22 July, 1920, fees are levied (by means of stamps) on candidates who present themselves for examination. (During the reconstruction period, however, candidates in H M. Forces abroad, where no such stamps are procurable, will pay by cheque or postal order, through Regimental Paymasters for Army candidates, or through Accountant Officers for Air Force candidates.) The fees in respect of the Open Competition for the Indian and Burma Civil Services, and those in respect of the Limited Competition for the Indian, Burma and Ceylon Police Services, are also, with the consent of the Secretary of State for India as regards the Indian Services and the Secretary of State for Burma as regards the Burma Services, appropriated to the Imperial Exchequer and for this purpose are levied by stamps.

## GOVERNMENT HOSPITALITY.

- I. ESTIMATE of the amount required in the year ending 31 March 1947 as a grant in aid of the Government Hospitality Fund.

Fifty thousand pounds.

- II. Head under which this Vote will be accounted for by the Treasury.

|                                              | 1946.  | 1945.   |
|----------------------------------------------|--------|---------|
|                                              | £      | £       |
| GOVERNMENT HOSPITALITY FUND (GRANT IN AID).. | 50,000 | 45,000* |

INCREASE .. £5,000

|                                                       |                |
|-------------------------------------------------------|----------------|
| * Total Original Estimate, 1945 .. ..                 | £              |
| Add—Supplementary Estimate (H.C. 56 of 1945-46) .. .. | 30,000         |
|                                                       | 15,000         |
|                                                       | <u>£45,000</u> |

Expenditure out of this grant in aid will be accounted for in detail to the Comptroller and Auditor General. Any balance of the sum issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer.

The actual expenditure of the Fund in 1946 is estimated at 50,000*l.* and it is not anticipated that there will be a balance in the Fund at 31 March 1946. The balance at 31 March 1945 was 1,556*l.*

| This provision represents the estimated amount due on account of loans made before the 23 November 1921 to authorities and persons in Northern Ireland and collected and retained by the Government of Northern Ireland under Section 27 (1) of the Government of Ireland Act, 1920 (10 & 11 Geo. 5, c. 67). This amount is repayable to the Local Loans Fund out of moneys provided by Parliament (Section 27 (2) of the Government of Ireland Act, 1920), and will, subject to the deduction of such sum as the Joint Exchequer Board may think just to cover such loss as may be anticipated to result from payments on account of any such loans proving to be irrecoverable, be made good by deduction from the Northern Ireland residuary share of reserved taxes.. .. . | £27,500 | 117,000 |

## EXTRACT FROM LETTER OF THE MASTER OF THE ROLLS

Two volumes (Hastings IV and Bath IV) are in the press. The 22nd Report of the Commission is ready for printing. It will contain a revised list of collections of manuscripts showing the original and present owners and location where known. Three other volumes (Salisbury (Cecil) XIX; De L'Isle and Dudley V. and Sackville (Knole) II) are ready for printing and one volume (Finch III) is being prepared for the printers. General Guides I and III are under revision and are being prepared for re-issue.

In accordance with recommendations of a joint committee of the Historical Manuscripts Commission and of the British Records Association, the Commission is now undertaking the compilation of a National Register of Archives. This is to consist of a general list (for reference rather than for immediate publication) of the owners or custodians and places of deposit of archives of all kinds, with brief details of their extent and covering dates. It is intended to include the archives of local authorities, semi-public administrations (statutory and chartered companies, endowed institutions, learned and professional societies, &c.), ecclesiastical administrations and private archives (family papers and those of business houses, clubs and societies). This work is expected to be spread over two and a-half years.

ANCIENT MONUMENTS (SCOTLAND) COMMISSION—*contd.*

## STATEMENT AS TO PRESENT POSITION OF THE COMMISSION'S INVESTIGATIONS.

The Commission was appointed in 1908 to make an Inventory of the Ancient and Historical Monuments and Constructions connected with or illustrative of the contemporary culture, civilisation, and conditions of life of the people in Scotland from the earliest times to 1707; and to specify those that seem most worthy of preservation.

The Twelfth Report with an Inventory of Ancient Monuments in Orkney and Shetland has been printed but not yet published. The Inventory of the City of Edinburgh is complete, apart from the Introduction. Research and editorial work on the Inventory of Roxburghshire has been continued, together with such field work as has been found possible with a reduced staff. This Inventory is well advanced.

Previous reports have dealt with the counties of Berwick, Caithness, Sutherland, Wigtown, Kirkcudbright, Dumfries, East Lothian, Midlothian, West Lothian, Fife, Kinross and Clackmannan, as well as the Outer Hebrides, with Skye and the Small Isles.

## STATEMENT AS TO PRESENT POSITION OF THE COMMISSION'S INVESTIGATIONS.

The Commission was appointed in 1908 to make an Inventory of the Ancient and Historical Monuments and Constructions in Wales and Monmouthshire, and to specify those which seem most worthy of preservation.

The Inventories of the Ancient Monuments in the counties of Montgomery, Flint, Radnor, Denbigh, Carmarthen, Merioneth, Pembroke and Anglesey have been issued.

The Secretary is preparing the report on the Monuments in the County of Caernarvon, and recording buildings of historic importance in adjoining areas.

\* See Appendix, page 86.

† Of this number one is serving with the Armed Forces. See Appendix, page 86.

## STATEMENT AS TO PRESENT POSITION OF THE COMMISSION'S INVESTIGATIONS

The Commission was appointed by Royal Warrant dated 27 October 1908, and its reference was extended by a further Warrant dated 29 November 1913.

The Commission has resumed its work on the county of Dorset and has continued its survey of Cambridgeshire. It is also working in co-operation with the Ministry of Town and Country Planning.

## SCOTTISH SAVINGS COMMITTEE.

| Travelling, &c., expenses of Commissioners, Secretary, &c. .. | £500  | 100   |

NOTE.

The Commission was appointed by Royal Warrant dated 29 May 1924 to enquire into such questions of public amenity or of artistic importance as may be referred to them from time to time by any Department of State, and to report thereon to such Department ; and, furthermore, to give advice on similar questions when so requested by public or quasi-public bodies, where it appears to the Commission that their assistance would be advantageous.

Under Royal Warrant dated 12 August 1933 the terms of reference of the Commission were extended so that it is now open to the Commission, if they so desire, to call the attention of any Department of State, or of the appropriate public or quasi-public bodies, to any project or development which in the opinion of the Commission may appear to affect amenities of a national or public character.

## NOTE.

The Commission was appointed by Royal Warrant dated 3 March 1944 to examine the facts relating to the present population trends in Great Britain; to investigate the causes of these trends and to consider their probable consequences; to consider what measures, if any, should be taken in the national interest to influence the future trend of population; and to make recommendations.

| Travelling, &c., expenses of Commissioners, Secretary, &c. .. | £100        | 500          |

## NOTE.

The Commission was appointed by Royal Warrant dated 17 October 1944 to enquire into and report upon the existing relationship between the remuneration of men and women in the public services, industry and other fields of employment, and the social economic and financial implications of the claim of equal pay for equal work. The enquiry is expected to be completed by about 30 June 1946 and provision has accordingly been made for three months.

| K. 3.—SHORTHAND WRITING .. .. .                                                                    | £5,000 | —     |

## NOTE.

These Commissions have been set up in accordance with the provisions of the House of Commons (Redistribution of Seats) Act, 1944 (7 & 8 Geo. 6, c. 41) for the purpose of making temporary provision for the division of abnormally large constituencies and a permanent provision for the redistribution of seats at Parliamentary Elections. There are four Commissions and they are concerned respectively with the representation in the House of Commons of England, Scotland, Wales and Northern Ireland.

# WAR WORKS COMMISSION.

*Note.*—The cost of services performed by other Departments for the Tithe Redemption Commission will be recovered from the Redemption Annuities Account and appropriated in aid of the Votes of the several Departments, except Post Office charges which will be accounted for as Post Office revenue. In addition the cost of accruing superannuation liability will be paid over to the Exchequer from the Redemption Annuities Account.

The estimated cost of such services is as follows :—

|                                                                 |        |

\* See Appendix, page 86.

† Certain members of this grade at Edinburgh have personal salaries on the London scale.

‡ Until 31 December 1946.

§ The Intelligence and Public Relations Officer is also Regional Information Officer in Scotland. The common services at Regional headquarters of the Regional Information Officer for Scotland are provided for on this Vote.

|| The Office Keeper's branch in Edinburgh covers the requirements generally of the Scottish Departments and of the Regional Information Office for Scotland, accommodated in St. Andrew's House, and in London serves officers of other Scottish Departments. The duties of the Paper Keepers are, however, limited to the Scottish Home Department.

¶ Of this number 32 are serving with the Armed Forces. See Appendix, page 86.

## APPENDIX

## I.—SALARY SUBHEADS, 1946.

1. With the cessation of the war-time procedure under which salary charges not provided for in the Estimates and certifiable as due to the war could be met by allocations from the Vote of Credit, salary subheads in the 1946 Estimate have, of necessity, been compiled on a basis of full provision for all expenditure expected to be required in the year.

2. Provision is made generally on the basis of the staffs borne on the establishments of the various Departments, or authorized by the Treasury, at the time the Estimates were prepared. In cases where it is known that additional staff will be required during the year for new services, and the cost of such additional staff can be calculated with reasonable precision, appropriate provision has been included, in as much detail as is practicable, and with suitable allowance in certain cases for possible delay in filling all the posts in the approved complements. Conversely, in cases where a progressive reduction in staff is expected, appropriate reductions in the totals of the salary subheads have been effected. No provision has been made for purely conjectural staff additions of indeterminate cost. In such cases any additional provision which may be found necessary will be sought at the appropriate time by means of Supplementary Estimates.

3. Provision is made for the full pay of all officers on the establishments of the various Departments who are serving in the Armed Forces. Departments will, however, only pay such officers the amount by which their civil salary exceeds their military, &c., pay. In cases where the resulting saving to the Vote is likely to be appreciable, after allowing for its gradual elimination with the progress of demobilisation, a suitable global deduction has been made from the total of the salary subhead. Notes to the individual Estimates show the numbers of officers serving with the Forces at the time the Estimates were prepared.

4. The salaries of officers loaned from one Department to another are, with a few exceptions necessitated by technical considerations, borne on the Votes of the Departments in which they are actually serving, and provided for accordingly in the Estimates of these Departments.

5. In general the details shown under salary subheads follow the same lines as in the past few years. In most cases the provision for clerical, typing and similar staff and for messengers, cleaners and other minor grades has again been made by means of comprehensive items. The salary scales or rates of pay of the principal grades included in these composite items are set out in Part II of this Appendix.

## II.—REMUNERATION.

*Salary Scales.*—The annual or weekly scales of pay of established officers shown in the Estimates indicate the minima and maxima, and, in most cases, the rates of annual or weekly increment as the case may be. In certain cases, however, where the incremental rates are subject to a number of variations at different points of the scale, these are omitted in order to save space.

*Scales of pay of certain grades not shown in the Estimates.*—The following table shows the annual or weekly scales of basic pay of the principal grades, common to most Departments, for which provision is made under the composite items referred to in Part I above, annual salaries being expressed in pounds and weekly wages in shillings :—

|                           |       |                                                                                                 |
|---------------------------|-------|-------------------------------------------------------------------------------------------------|
| Clerks                    | .. .. | Men, 85 <i>l.</i> to 350 <i>l.</i> ; Women, 85 <i>l.</i> to 280 <i>l.</i>                       |
| Clerical Assistants       | .. .. | Women, 31 <i>s.</i> 6 <i>d.</i> to 72 <i>s.</i>                                                 |
| Clerks (Special Class)    | .. .. | Men, 65 <i>s.</i> —4 <i>s.</i> —86 <i>s.</i>                                                    |
| Temporary Clerks, Grade I | .. .. | Men, 78 <i>s.</i> to 96 <i>s.</i> ; Women, 62 <i>s.</i> 6 <i>d.</i> to 76 <i>s.</i> 6 <i>d.</i> |
| "    Grade II             | .. .. | Men, 33 <i>s.</i> to 84 <i>s.</i> ; Women, 33 <i>s.</i> to 66 <i>s.</i> 6 <i>d.</i>             |
| "    Grade III            | .. .. | Men, 20 <i>s.</i> to 74 <i>s.</i> ; Women, 20 <i>s.</i> to 59 <i>s.</i>                         |

|                                      |    |    |    |    |    |    |    |                      |     |
|--------------------------------------|----|----|----|----|----|----|----|----------------------|-----|
| Shorthand Typists                    | .. | .. | .. | .. | .. | .. | .. | 40s. to 80s          | (a) |
| Typists                              | .. | .. | .. | .. | .. | .. | .. | 36s. to 72s.         | (a) |
| Temporary Shorthand Typists, Grade I | .. | .. | .. | .. | .. | .. | .. | 40s. to 64s. 6d.     | (b) |
| " " " Grade II                       | .. | .. | .. | .. | .. | .. | .. | 35s. to 59s. 6d.     | (b) |
| Temporary Typists                    | .. | .. | .. | .. | .. | .. | .. | 22s. to 57s. 6d.     | (b) |
| Established Paper Keepers            | .. | .. | .. | .. | .. | .. | .. | 175l.-7l. 10s.-215l. |     |
| Unestablished Paper Keepers          | .. | .. | .. | .. | .. | .. | .. | 61s.-2s.-71s.        |     |
| Established Messengers               | .. | .. | .. | .. | .. | .. | .. | 160l.-7l. 10s.-205l. |     |
| Unestablished Messengers             | .. | .. | .. | .. | .. | .. | .. | 52s.-2s.-62s.        |     |

The above scales apply in London. Lower rates are paid elsewhere.

*Consolidation of War Bonus.*—The basic scales and rates of pay shown in the Estimates are, in the case of whole-time non-industrial Civil Servants with salaries up to 1,500l. a year, for the time being, subject to certain additions in respect of consolidation of war bonus, which was previously paid as a separate emolument. The amount of the Consolidation Addition is shown in the following table :—

| Age.               | Consolidation Addition. |                |
|--------------------|-------------------------|----------------|
|                    | Men.                    | Women.         |
| WEEKLY-PAID STAFF. |                         |                |
| 16 and under       | 12s. per week           | 12s. per week  |
| 17 .. ..           | 15s. " "                | 15s. " "       |
| 18 .. ..           | 18s. " "                | 18s. " "       |
| 19 .. ..           | 21s. " "                | 21s. " "       |

| Below 400l.               | Below 320l.             |
| 400l. and below 850l.     | 320l. and below 680l.   |
| 850l. " " 1,100l.         | 680l. " " 925l.         |
| 1,100l. and up to 1,500l. | 925l. and up to 1,325l. |
|                           | 120l. " "               |
|                           | 78l. per annum          |
|                           | 90l. " "                |
|                           | 105l. " "               |
|                           | 120l. " "               |
|                           | 63l. per annum          |
|                           | 72l. " "                |
|                           | 84l. " "                |
|                           | 96l. " "                |

(with graduated adjustment at the various change and terminal points).

New scales and ranges of salary on a consolidated basis are in course of promulgation.

*Service Awards.*—Arrangements for the remuneration of certain temporary staff. locally recruited overseas, allow for awards on completion of service, varying in amount with the period served.

(a) Slightly lower rates are payable where the officer is not fully qualified.

(b) In addition, allowances of 5s. and 3s. a week are payable to some members of these grades who have attained prescribed standards of proficiency in typing and shorthand respectively.

(c) Women cleaners conditioned to a 30-hour week subject to a liability to attend for 42 hours without extra payment receive a Consolidation Addition of 18s. per week.

These salaries are the scales approved for the Foreign Service, but the rates shown below in detail are on the former scales, in the cases of Counsellors and Officers below that rank. A lump sum provision has been made below for the application of the new scales.

In addition, foreign, rent and other allowances are paid as shewn in detail below.

The item "wages" covers unestablished Chancery servants and subordinate staff other than clerical staff.

(a) The salaries of the headquarter staff of [the] News Department are borne on Subhead A of the Foreign Office Vote (Class II., 1).

(b) The expenses of the Library other than the emoluments of the three officers shown are met from Subhead K.

(c) Local allowance.

(d) The amount of this contribution is the equivalent of the proceeds of certain fees appropriated in aid of the Home Office Vote. See Class III., Vote 1, Subhead Z.

(e) Duty allowance.

## COMMERCIAL DIPLOMATIC ESTABLISHMENTS.

| Numbers.    | NOTE.—The provision specified in detail below under Subhead C.1 includes the salaries and allowances of members of the Foreign Service as follows :— |  | <i>Rate or scale of salary.</i>                                                                                                                                                                                                       |  |

| 17   20     | Second and Third Secretaries (Commercial) .. .. .                                                                                                    |  | <div style="display: flex; align-items: center;"> <div style="font-size: 3em; margin-right: 10px;">{</div> <div> 485<i>l.</i>–30<i>l.</i>–625<i>l.</i><br/> 275<i>l.</i>, 325<i>l.</i>*–30<i>l.</i>–<br/> 385<i>l.</i>† </div> </div> |  |
| 61   65     | * After two years.<br>† Certain officers retain the scale 337 <i>l.</i> –25 <i>l.</i> –634 <i>l.</i>                                                 |  |                                                                                                                                                                                                                                       |  |

These salaries are the new scales approved for the Foreign Service, but the rates shown in detail below are on the former scales. A lump sum provision has been made below for the application of the new scales.

In addition to these salaries, representation and rent allowances, and at certain posts local allowances, are paid as shown in detail below.

A bonus, depending upon the increase since 1914 in the cost of living measured in sterling, is also paid at certain posts.

The rank stated is that on which the salary of the post is based. One officer is granted a local rank higher than that stated.

The provision for office expenses under Subhead C.2 covers the pay of local unestablished staff, office rent (where not borne on Ministry of Works Votes), lighting, heating, cleaning, postage, telegrams, telephones and other miscellaneous expenditure.

CONSULAR ESTABLISHMENTS.

NOTE.—The provision specified in detail below under Subhead D.1. includes the salaries and allowances of members of the Foreign Service, as follows :—

| Numbers |      |                            | Rate or scale of salary.                                      |
|---------|------|----------------------------|---------------------------------------------------------------|
| 1945    | 1946 |                            |                                                               |
| 3       | 3    | Inspectors-General .. .. . | 1,700 <i>l.</i>                                               |
| —       | 3    | Allowance* .. .. .         | 200 <i>l.</i>                                                 |
| —       | 10   | Consuls General .. .. .    | 2,000 <i>l.</i>                                               |
| 53      | 72   | Consuls General .. .. .    | 1,700 <i>l.</i>                                               |
| 123     | 154  | Consuls .. .. .            | 1,200 <i>l.</i> –50 <i>l.</i> –1,700 <i>l.</i>                |
| 129     | 95   | Vice-consuls .. .. .       | 800 <i>l.</i> –30 <i>l.</i> –1,100 <i>l.</i>                  |
| 308     | 337  |                            | 485 <i>l.</i> –30 <i>l.</i> –625 <i>l.</i>                    |
|         |      |                            | { 275 <i>l.</i> , 325 <i>l.</i> †–30 <i>l.</i> –385 <i>l.</i> |

These salaries are the new scales approved for the Foreign Service, but the rates shown in detail below are on the former scales. A lump sum provision has been made below for the application of the new scales.

In addition to these salaries, representation and rent allowances and at certain posts, local allowances are paid, as shown in detail below.

A bonus, depending upon the increase since 1914 in the cost of living measured in sterling, is also paid at certain posts.

The rank stated is that on which the emoluments of the post are based. Certain officers are granted a local rank higher than that stated.

The provision for office expenses under Subhead D.2. covers the pay of local unestablished staff, office rent (where not borne on Ministry of Works Votes), lighting, heating, cleaning, telephones (including local calls) and other miscellaneous expenditure.

\* Payable to consular officers while holding these appointments.

† After two years.

(b) Representation allowance.

(d) Local allowance.

(t) Allowance not fixed ; estimated annual expenditure.

(w) For 1946 the actual amounts of representation, rent and local allowances are shown against the individual posts.

(x) These officers receive salary as Deputy Superintendents of Mercantile Marine. Two receive mission allowance of 633l. and 300l. at New York and one receives local allowance of 400l. at Rio de Janeiro.

(y) This provision is in respect of bonus paid separately as such. At certain posts, as indicated above, bonus is issued as an element in local allowance.

(z) Four receive a special allowance of 100l. One is attached to South East Asia Command.

(zz) Five of these are employed in the Foreign Office and one at Athens.

\* These officers receive a special allowance of 100l.

† One is attached to South East Asia Command.

†† Two receive allowances of 150l. as Private Secretaries.

## J.—REFUND TO INDIAN REVENUES AND RECOVERY FROM GOVERNMENT OF BURMA IN RESPECT OF DIPLOMATIC AND CONSULAR ESTABLISHMENTS IN PERSIA, ARABIA AND SIAM :

As a result of the recommendations of the Royal Commission (1900) on the Administration of Expenditure in India, His Majesty's Government agreed to accept a consolidated contribution of 6,000*l.* a year from the Government of India in settlement of the annual expenditure at that time incurred by His Majesty's Government in excess of that incurred by the Government of India in maintaining Diplomatic and Consular establishments in Persia, &c. Since then, all additional expenditure on Diplomatic and Consular and kindred services in Persia, the Persian Gulf, and at certain Consulates in Asia has been shared equally. Part of the expenditure is incurred in the first instance by India and part in the first instance by Great Britain. The equation of expenditure is effected by appropriate adjusting payments when the expenditure accounts have been examined.

As from the year 1905, inclusive, in consequence of the heavier expenditure incurred in the first instance by India, the adjusting payments have been made by Great Britain.

As from the year 1935, inclusive, the contribution in respect of the cost of certain consular establishments in Siam has been transferred from the Government of India to the Government of Burma.

The present provision represents adjusting payments in respect of diplomatic and consular posts in Persia, &c.

£27,000 24,000

(a) Local allowance

#### L.—INTERGOVERNMENTAL COMMITTEE ON REFUGEES (GRANT IN AID) :

Contribution towards the expenses of the Intergovernmental Committee on Refugees, including expenses of administration.

The operational expenditure will be divided equally between H.M. Government and the Government of the United States, subject to contributions from other Governments. It is anticipated that the administrative expenditure will be shared by member Governments on an agreed basis.

The sum now provided comprises (a) 600,000*l.* and (b) 5,940*l.*, being the amounts estimated to be payable by His Majesty's Government during the financial year 1946 in respect of its share of the Committee's operational and administrative expenses respectively.

Expenditure out of this grant in aid will not be accounted for in detail to the Comptroller and Auditor General. Any balance of the sum issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer .. .. .

£605,940 1,001,944

#### M.—WELFARE AND DEVELOPMENT IN THE SUDAN (GRANT IN AID) :

Provision is made for the instalment to be paid by His Majesty's Government in the current year towards schemes of development and welfare initiated by the Government of the Sudan, including measures for promoting education, health, agriculture and public works. A total contribution of 2,000,000*l.* over a period of four years is proposed, the balance to be provided in future years.

Expenditure out of this grant will not be accounted for in detail to the Comptroller and Auditor General. Any balance of the sum issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer .. .. .

£500,000 100,000

## MISCELLANEOUS SERVICES ARISING OUT OF THE WAR.

## NOTES.

*Marriage Allowance.*

London-appointed married officials serving overseas receive a marriage allowance of 25 per cent. of their basic salaries subject to an overriding maximum allowance of 200*l.* p.a.

*Local Allowance.*

The salaries (including the marriage allowances of officials accompanied by their wives) of London-appointed officials serving overseas may be augmented by local allowances designed to compensate for the increased cost of living in the country of posting. The rates of such allowances vary from time to time and from country to country and are applied in full to the lower paid officials and on a sliding scale basis to higher paid staff.

*Entertainment Allowance.*

Officials in representational posts receive an annual personal entertainment allowance of an amount fixed for each such post.

## B.—OFFICE CHARGES AND INCIDENTALS:

| A.—CONTRIBUTION TOWARDS THE EXPENSES OF THE UNITED NATIONS:                                                                                                                                                                                                                                                                                                                                                                    | £        | £       |
| Share payable by H.M. Government in the United Kingdom of advances for the general expenses of the United Nations under their provisional budget for 1946                                                                                                                                                                                                                                                                      |          |         |
| These expenses are, for the time being, financed out of a Working Capital Fund to which all member States make advances, the share of the United Kingdom Government being approximately 15 per cent. Advances made by the United Kingdom Government in respect of the expenses of the Preparatory Commission and the First Assembly of the United Nations have been allowed for in the calculation of the provision now made.* |          |         |
| At the next Session of the General Assembly, the provisional budget will be superseded by the first annual budget and contributions will be called for according to a scale of apportionment to be approved at that time. It is not contemplated that members' advances to the Working Capital Fund should be set off against their contributions to this first annual budget.                                                 |          |         |
| A Supplementary Estimate to provide for the contribution of the United Kingdom Government under these arrangements will be presented in due course ..                                                                                                                                                                                                                                                                          | £600,000 | 330,000 |

\* See Supplementary Estimate (H.C. 74 of 1945-46.)

† Expenditure will not be accounted for in detail to the Comptroller and Auditor General.

|                                                                                                                                                                                                                                                                                                             | 1946.   | 1945.  |

## NEWFOUNDLAND.

(NEWFOUNDLAND ACT, 1933.)

## E.—SALARIES, &amp;c.:

Under the Newfoundland Act, 1933 (24 & 25 Geo. 5, c. 2) and the Letters Patent issued thereunder the administration of Newfoundland is vested in a Governor acting on the advice of a Commission of Government composed of six members, three of whom are drawn from Newfoundland and three from the United Kingdom. The salaries, &c., of the United Kingdom members are provided for on this Subhead.

## H.—GRANT IN AID TO EIRE IN RESPECT OF COMPENSATION TO TRANSFERRED OFFICERS:

(IRISH FREE STATE (CONFIRMATION OF AGREEMENT)  
ACT, 1929)

This grant in aid is to enable additional compensation to be paid in pursuance of the Irish Free State (Confirmation of Agreement) Act, 1929 (20 & 21 Geo. 5, c. 4.) to certain officers transferred to the service of the Irish Free State who have been discharged or who have retired in consequence of the change of Government.

Issues out of the grant in aid will be made as required in respect of expenditure incurred by the Government of Eire. Expenditure out of this grant in aid will not be accounted for in detail to the Comptroller and Auditor General, but he will be furnished with the certificate of the Comptroller and Auditor General of Eire as to payments finally made. Any balance of the sums issued from the grant in aid which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer .. .. .

£48,500 53,000

| <p>In accordance with the recommendations of the Imperial Committee on Economic Consultation and Co-operation (Cmd. 4335), of the British Commonwealth Scientific Conference, 1936 (Cmd. 5341), and of the Imperial Conference, 1937 (Cmd. 5482), certain Inter-Imperial Institutions and research services are co-operatively financed by the several Governments of the British Commonwealth. In the case of the research organisations, control is exercised by the Governments through the agency of the Executive Council of the Imperial Agricultural Bureaux on which they are represented. Provision is made in this Estimate for the contributions of His Majesty's Government in the United Kingdom to Inter-Imperial organisations which have been accepted by the Governments concerned as Inter-Imperial services.</p> <p>Expenditure out of this grant in aid will not be accounted for in detail to the Comptroller and Auditor General, and any balance of the sums issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer.</p> <p>The grant is made up as follows:—</p> |                |               |

## III.

## Details of the foregoing.

## COLONIAL SERVICES.

1946. 1945.

## GRANTS IN AID OF LOCAL REVENUES, &amp;c. :

£ £

## A.1.—CYPRUS :

The Revenues of the Island are charged with a sum of 92,800*l.* which is applied towards meeting the interest on the Ottoman Loan of 1855 guaranteed jointly and severally by Great Britain and France. A grant of a like amount has, since 1928, been made by H.M. Government so as to relieve the Island of this charge.

In return Cyprus has charged its revenue with an annual contribution of 10,000*l.* towards the cost of Imperial Defence which is appropriated in aid of Army Votes.. .. .

92,800 92,800

*Grant in aid of expenses of administration, &c.* .. .

— 300,000

TOTAL .. £92,800 392,800

## A.2.—NYASALAND :

Grant in respect of interest and sinking fund payments on 4*l.* 10*s.* per cent. Guaranteed Stock 1952–1972 and 3*l.* per cent. Guaranteed Stock 1954–1974 .. .

145,000 140,000

*Loan of 773,000*l.* to the Government of Nyasaland to enable that Government to advance to the Trans-Zambesia Railway Company an equal amount for redemption of that part (573,000*l.*) of the Company's 6% Guaranteed First Mortgage Debentures held by the public and repayment of the Company's 3½% Guaranteed 12 Year Notes (200,000*l.*)*

— 773,000

TOTAL .. £145,000 913,000

## A.3.—DOMINICA :

Grant in aid of expenses of administration, &c. .. .

£25,000 15,000

|                                                                                                                                                                                                                                                     | 1946.      | 1945.   |

B.2.—TONGA AND NEW HEBRIDES SERVICES AT SUVA  
(GRANT IN AID):

Grant in aid of the revenues of the Gilbert and Ellice Islands Colony and the Solomon Islands Protectorate in respect of services to Tonga and the New Hebrides performed by the staff at Suva whose salaries are borne on the revenues of the first mentioned administrations. Expenditure out of this grant in aid will not be accounted for in detail to the Comptroller and Auditor General. Any balance of the sum issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer .. .. .

£1,500 1,500

B.3.—NEW HEBRIDES: EXPENSES UNDER THE ANGLO-FRENCH PROTOCOL (1914):

Under the Protocol a joint administration is provided for by British and French High Commissioners with the assistance of Resident Commissioners. Certain services are declared to be joint services, the cost being defrayed out of local duties, taxes and other revenue of a joint character. In the event of the local revenue proving insufficient to meet the expenses of the joint services the two Governments are each to pay one half of the deficit. No grant is expected to be required in 1946.

Each of the two Signatory Powers defrays the expenses of its own administration in the Group.

† The total receipts in 1945 are estimated at 31,050,000. See Exchequer Extra Receipts, page 109.

## C.—WEST AFRICAN COCOA CONTROL (DISPOSAL OF PROFITS) (GRANT IN AID):

Payments (partly estimated) to be made to the Governments of the territories in West Africa comprised in the West African cocoa control scheme, as follows:—

|                              | 1946.     | 1945. |
|------------------------------|-----------|-------|
|                              | £         | £     |
| (1) Gold Coast .. .. .       | 3,131,202 |       |
| (2) Nigeria .. .. .          | 1,507,017 |       |
| (3) Sierra Leone .. .. .     | 20,170    |       |
| (4) French Cameroons .. .. . | 410,801   |       |

Under the control scheme described in the Report on Cocoa Control in West Africa, 1939–43 (Cmd. 6554), profits have been realised during the 1943–44 season, to a total of 2,969,190*l.*, while the estimated profits for the 1944–45 season amount to 2,100,000*l.* The payments set out above represent the distribution of those profits to the Governments of the territories comprised in the scheme, in proportion to the purchases made during this period from the respective territories.

The amounts paid to the Governments of the Gold Coast and Nigeria will be applied by those Governments in financing cocoa marketing arrangements to be approved by the Secretary of State for the Colonies.

Particulars of the marketing arrangements will be made available to Parliament in due course.

The amount paid to the Government of Sierra Leone will be applied by that Government to expenditure of benefit to the cocoa industry of that Dependency.

Expenditure out of this grant in aid will not be accounted for in detail to the Comptroller and Auditor General, but in the case of the payments to the Governments of the Gold Coast, Nigeria and Sierra Leone he will be furnished by the Colonial Office with audited statements of the application of the payments to the purposes described above, and with any reports of the Director of Colonial Audit thereon. Any balances of the sums issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer .. £5,069,190 3,676,253

# D.—GRANT IN AID OF MILITARY EXPENDITURE FROM INDIAN REVENUES:

Grant made in accordance with the recommendations of the Garran Tribunal.

The Indian Defence Expenditure Tribunal recommended (Cmd. 4473) that a contribution should be made from Imperial revenues towards military expenditure from Indian revenues.

The recommendation of the majority of the Tribunal (which was accepted by His Majesty's Government) was that the amount of the contribution should be fixed in relation to the following grounds:—

- (a) the availability of the Army in India for use in an emergency in the East, and
- (b) the value of India as a training ground for British troops.

The payments due to the Government of India under the war time Agreement announced to Parliament on 29 February 1940 in respect of Defence expenditure met in the first instance from Indian Revenues, will be provided from the Votes of the Defence Departments.

Expenditure out of this grant in aid will not be accounted for in detail to the Comptroller and Auditor General. Any balance of the sums issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer. . . . . £2,000,000 2,000,000

# E.—GRANT IN AID OF THE REVENUES OF THE GOVERNMENT OF BURMA:

Loans, free of interest, to the Government of Burma to meet expenditure on:

- (a) Purchase of supplies for civilian use
- (b) Reconstruction of key industries and public utilities
- (c) Government Services (other than Defence effective charges)

It is expected that the whole of the advances under (a) and a portion of those under (b) will be repaid from the proceeds of sales not later than 31 March 1952. Any balance not so recovered will be repaid by the Government of Burma as soon as possible thereafter.

Expenditure out of this Grant in Aid will not be accounted for in detail to the Comptroller and Auditor General, but he will be furnished by the Burma Office with the audited accounts of the Government of Burma and with any report thereon of the Auditor General of Burma. Any balance of the sum issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer . . . . . £30,000,000 —

|          |       | £1,320                                                                                                                 | 1,260 |

## B.—IMPERIAL WAR GRAVES COMMISSION (GRANT IN AID)

The accounts of the expenditure out of the grant in aid will be audited in accordance with the terms of the Royal Charter by Auditors who are to be Chartered Accountants and named by the Governor of the Bank of England. They will also be open to inspection by the Comptroller and Auditor General. Any balance of the sum issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer.

£437,096 118,513

## C.—PURCHASE OF LAND (UNITED KINGDOM):

Purchase of land for war graves and cemeteries to secure exclusive rights of burial, including expenses incidental thereto. This sum will be expended on behalf of the United Kingdom Government alone, and is therefore not charged to the grant in aid account.

£2,500 3,000

## D.—MAINTENANCE OF CERTAIN GRAVES AND CEMETERIES OTHER THAN THOSE OF THE WARS OF 1914-18 and 1939-45 .. .. .

£1,000 1,000

£3,500 3,500

## Z.—APPROPRIATIONS IN AID:

Refund from Endowment Fund income of salary of Assistant Secretary (Subhead A) .. .. .

£1,320 1,260

\* See Appendix page 123.

## APPENDIX

## I.—SALARY SUBHEADS, 1946.

1. With the cessation of the war-time procedure under which salary charges not provided for in the Estimates and certifiable as due to the war could be met by allocations from the Vote of Credit, salary subheads in the 1946 Estimates have, of necessity, been compiled on a basis of full provision for all expenditure expected to be required in the year.

2. Provision is made generally on the basis of the staffs borne on the establishments of the various Departments, or authorized by the Treasury, at the time the Estimates were prepared. In cases where it is known that additional staff will be required during the year for new services, and the cost of such additional staff can be calculated with reasonable precision, appropriate provision has been included, in as much detail as is practicable, and with suitable allowance in certain cases for possible delay in filling all the posts in the approved complements. Conversely, in cases where a progressive reduction in staff is expected, appropriate reductions in the totals of the salary subheads have been effected. No provision has been made for purely conjectural staff additions of indeterminate cost. In such cases any additional provision which may be found necessary will be sought at the appropriate time by means of Supplementary Estimates.

3. Provision is made for the full pay of all officers on the establishments of the various Departments who are serving in the Armed Forces. Departments will, however, only pay such officers the amount by which their civil salary exceeds their military, &c., pay. In cases where the resulting saving to the Vote is likely to be appreciable, after allowing for its gradual elimination with the progress of demobilisation, a suitable global deduction has been made from the total of the salary subhead. Notes to the individual Estimates show the numbers of officers serving with the Forces at the time the Estimates were prepared.

4. The salaries of officers loaned from one Department to another are, with a few exceptions necessitated by technical considerations, borne on the Votes of the Departments in which they are actually serving, and provided for accordingly in the Estimates of these Departments.

5. In general the details shown under salary subheads follow the same lines as in the past few years. In most cases the provision for clerical, typing and similar staff and for messengers, cleaners and other minor grades has again been made by means of comprehensive items. The salary scales or rates of pay of the principal grades included in these composite items are set out in Part II of this Appendix.

## II.—REMUNERATION.

*Salary Scales.*—The annual or weekly scales of pay of established officers shown in the Estimates indicate the minima and maxima, and, in most cases, the rates of annual or weekly increment as the case may be. In certain cases, however, where the incremental rates are subject to a number of variations at different points of the scale, these are omitted in order to save space.

*Scales of pay of certain grades not shown in the Estimates.*—The following table shows the annual or weekly scales of basic pay of the principal grades, common to most Departments, for which provision is made under the composite items referred to in Part I above, annual salaries being expressed in pounds and weekly wages in shillings:—

|                           |    |    |    |    |    |                                                                                                 |
|---------------------------|----|----|----|----|----|-------------------------------------------------------------------------------------------------|

## PROBATION OF OFFENDERS.

(CRIMINAL JUSTICE ACT, 1925: (15 &amp; 16 Geo. 5, c. 86).)

## E.—CONTRIBUTIONS TOWARDS THE EXPENSES OF PROBATION:

Grants to the Councils of Counties and Boroughs with separate Commissions of the Peace and to the Metropolitan Police Fund towards the expenditure in respect of the salaries, remuneration, superannuation and expenses of Probation Officers and other expenses incurred by Probation Committees in accordance with rules made by the Secretary of State and the expense of maintaining persons who have been released on probation under a condition as to residence.

The grant to each Council will be one-half of the total net expenditure approved by the Secretary of State. The training of candidates for appointment as Probation Officers is undertaken by certain selected authorities and the cost of this training is met in the first instance by a one hundred per cent. grant from the Exchequer; one half of such cost is recovered by a proportionate deduction from the ordinary fifty per cent. grant payable to all authorities. Issues of grant will be made in advance of the audit of the accounts upon the basis of the approved estimated expenditure, and the amounts so issued will not be liable to surrender, any necessary adjustments being made on subsequent grants.

|                                                                                   |          |         |

\* An amount equivalent to the proceeds of these special fees is paid to the Secretary-General of the League of Nations for the benefit of a fund for the settlement of certain refugees. See Class II, Vote 2, Subhead B.

† The fines collected in Scotland are appropriated in aid of the Vote for Law Charges and Courts of Law, Scotland (Class III, 16).

‡ Under Section 2 (2) of the Act one-half of any fine imposed by a Court of Summary Jurisdiction in pursuance of the Section in proceedings taken by direction of a Secretary of State or the Director of Public Prosecutions is payable to the Exchequer; and the same Section provides for the forfeiture to His Majesty of all articles in respect of which the offence was committed. The moiety of fines received in Great Britain and paid into the Exchequer during the year ended 30 September 1945 amounted to 210*l.* 5*s.* No amounts were received in the Exchequer during this period in respect of forfeitures under the Act.

|          |       | (95 <i>s.</i> 6 <i>d.</i> –2 <i>s.</i> 6 <i>d.</i> –103 <i>s.</i> a week)                        | —      | 249    |

Officers marked (H.) are provided with official residences, unfurnished.

(R.Q.) are provided with furnished quarters in the Asylum, with attendance, fuel and light.

(Q.) "Married" officers are provided with quarters, or an allowance in lieu: unmarried Officers have each a furnished room in the Asylum.

(R.) These officers, if single, have each a furnished room in the asylum; if married an unfurnished house is provided. In both cases deductions are made from pay at rates varying from 8*s.* 3*d.* per week to 40*l.* per annum. When official quarters cannot be provided and the officer has to pay rent in excess of the appropriate rate, an allowance is made for excess rent.

\* See Appendix, page 110.

† A Medical Officer, Class II, in the Prisons Service is seconded for duty in the Asylum.

## GOVERNMENT GRANTS:

1946. 1945.

£ £

## F.—GRANTS IN RESPECT OF POLICE EXPENDITURE :

Grants to the Councils of Counties and Boroughs with separate police forces and to the Metropolitan Police Fund in respect of the cost of police.

The grants to police authorities will be equivalent to one-half of the total net approved expenditure on police in respect of the year and will be issued on that basis, subject to compliance with such Rules as the Secretary of State, with the approval of the Treasury, may, from time to time prescribe. They include sums (estimated at 4,900*l.*) by way of compensation for the loss of exemption from Income Tax, in respect of the income from Police Pension Fund investments transferred to the Police Fund under the Police Pensions Act, 1921 (11 & 12 Geo. 5, c. 31).

Issues in respect of the grants will be made, in advance of the audit of the accounts, upon the basis of the approved estimated expenditure. The amounts so issued will not be liable to surrender, any necessary adjustments being made on subsequent grants.

The accounts of the police authorities will be audited in the usual manner .. .. .

£17,820,000 14,340,000\*

## G.—HIGHER TRAINING OF POLICE OFFICERS :

Supplementary grants to certain County and Borough Police authorities, additional to the grant payable under Subhead F, equivalent to one-quarter of the annual cost of the training of individual members of their forces at the Metropolitan Police College .. .. .

£5 5

## H.—POLICE FEDERATION (INCLUDING GRANT IN AID) :

Grant in aid of expenses of the Central Conferences and Central Committees of the Police Federation .. .. .  
Repayment to Ministry of Works for expenditure on provision of accommodation .. .. .  
Grant to Joint Central Committee to cover approved expenditure on clerical assistance, &c. .. .. .

430† 430

70 70

300 300

TOTAL .. £800 800

## I.—INTERNATIONAL CRIMINAL POLICE COMMISSION :

Contribution towards the expenses of the Commission ..

£175 5

\* Further expenditure on this service in 1945 was met from the Vote of Credit.

† Expenditure out of this grant in aid will not be accounted for in detail to the Comptroller and Auditor General. Any balance of the sum issued which may remain unexpended at 31 March 1947 will not be liable to surrender to the Exchequer.

## Z.—APPROPRIATIONS IN AID :

|                                                                                                                                                                                                                                                                             | 1946.          | 1945.         |

\*Further expenditure on these services in 1945 was met from the Vote of Credit.

## NOTES.

(i) Provision for departmental administration in connection with this service, including the inspectorate of approved schools, &c., is made in the Estimate for the Home Office (Class III., 1).

(ii) *Subheads A, C and D.* In the case of schools maintained by local authorities, issues in respect of the grants will in general be made half-yearly on the basis of a percentage of the approved estimated expenditure, in advance of the audit of the accounts, any necessary adjustments being made on subsequent grants; in exceptional cases grants may be issued quarterly. Similar arrangements will be applied to the grants to local authorities in respect of children and young persons committed to their care, and in respect of remand homes.

## III.

## Details of the foregoing.

## GRANTS

(CHILDREN AND YOUNG PERSONS ACT, 1933 (23 &amp; 24 Geo. 5, c. 12))

1946. 1945.

£ £

| Miscellaneous receipts.. .. .                                                                                                                                                                                                                                         | 100     | 100    |
| TOTAL ..                                                                                                                                                                                                                                                              | £60,100 | 30,100 |

\* In cases where the parent is serving in the Armed Forces, or where an allowance would normally be payable to a parent or guardian by the Ministry of Pensions, no contribution is made by the parent or guardian, as the case may be, but the child's allowance which would normally be payable to the parent or guardian by the Service Department or the Ministry of Pensions is not issued. Payment to the local authority is based on the amount of the allowance withheld.

— 6 —

## SUPREME COURT OF JUDICATURE, &amp;c.

- I. ESTIMATE of the amount required in the year ending 31 March 1947 to pay such of the salaries and expenses of the Supreme Court of Judicature and Court of Criminal Appeal as are not charged on the Consolidated Fund, and a grant in aid; and the salaries and expenses of Pensions Appeal Tribunals.

One hundred pounds.

- II. Subheads under which this Vote will be accounted for by the Permanent Secretary to the Lord Chancellor.

|                                                                                                                                                                                                                                                                         | 1946.   | 1945.    | Increase. | Decrease. |

\* See Appendix, page 110.

† Including Registry of County Court Judgments.

‡ To be replaced by Clerks on the occurrence of vacancies

§ Of this number 8 are serving with the Armed Forces. See Appendix, page 110.

(a) The remuneration paid to this Registrar covers duties performed by him as a District Registrar of the High Court of Justice. An appropriate contribution will be recovered from the Vote for Supreme Court of Judicature, &c. (Class III., 6), and brought to account as an appropriation in aid (see Subhead Z).

\* See Appendix, page 110.

† Some of these clerks are employed partly on work in respect of District Registries of the High Court of Justice. The portion of the salaries attributable to this work will be recovered from the Vote for the Supreme Court of Judicature, &amp;c. (Class III., 6) and brought to account as an appropriation in aid. (See Subhead Z.)

‡ 34 of these, who are Clerks in one-clerk Courts, have an allowance of 50*l.*, and 2 have a maximum of 300*l.*

§ The provision made under this head is for part-time officers in Unestablished Courts only. The salaries of Ushers who act as Caretakers are provided for in the Estimate for Miscellaneous Legal Buildings, Class VII., 4.

370 of these officers are serving with the Armed Forces, &amp;c. See Appendix, page 110.
